WHY CHOOSE THE UNITED KINGDOM

Studying abroad may seem like a costly upheaval compared to remaining in the US. There are, however, a host of benefits to studying in a different country. But of all the countries of the world, why choose Britain?

Completing a degree abroad may seem like a costly endeavour, but with vast financial, academic and career benefits, there are loads of reasons studying in Britain is the best option for you.

NO GRE REQUIRED

Admission to UK University graduate courses does not require the Graduate Record Exam (GRE). All you need for your application is your GPA, reference letters, and a personal statement - it's that simple!

FINISH YOUR DEGREE FASTER

Your education does not have to take ages. A three-year bachelor's and one-year master's lets you get straight to the point, requiring only classes related to your major. Less time means less money, and you still walk away with a world-class degree from a distinguished university, transferable around the world.

UK DEGREES RECOGNIZED IN THE US

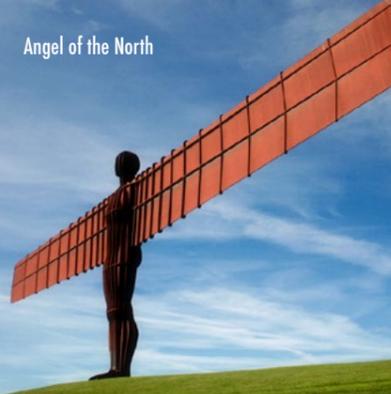

If you are concerned that a British degree will harm your future education or career prospects, worry no more! All of Across the Pond's partner universities are recognized by the US Department of Education, so you will have no problem landing a job or continuing your education. In fact, by obtaining some of the best education in the world, your British education provides you with an enviable and opportune stepping stone into a bright future. Still not sure? We will happily put you in touch with past students who are eager to vouch for this fact.

CHEAPER TUITION IN THE UK

Higher education is expensive, but you will be pleased to hear UK tuition fees are generally less expensive compared to the US. If you are looking to study a program at a top institution that will not break the bank, the UK is for you.

UK DEGREES IMPRESS POTENTIAL US EMPLOYERS

American employers are impressed with applicants who have studied overseas, especially at UK universities. Why? Because British universities place a high premium on equipping their graduates for the workforce, ensuring you hit the ground running with skills and experience that puts you head and shoulders above the other candidates in the job market. Not only that, your experiences abroad demonstrate a unique level of independence, open-mindedness, flexibility and a can-do attitude that is attractive to any employer. This may be the 'wow factor' necessary to landing your dream job.

Angel of the North

Rievaulx Abbey, North York Moors National Park

“Across the Pond provided all the answers I was looking for, and offered advice on information I couldn’t have predicted I would need. I can honestly say that I couldn’t have done it without their support. My advisors were responsive to every concern I had, and made the transition to another country worry free. The best thing about having Across the Pond on your side is that they genuinely care about your experience.”

Steven,
Loughborough University

Old Man of Storr, Isle of Skye, Scotland

HOW CAN WE HELP YOU?

Since 2004, Across the Pond has been providing advice and guidance to US students looking to study at some of the top universities in the UK. We represent over 40 universities across England, Scotland, Wales, and Northern Ireland, and the students with whom we work benefit from a high acceptance rate to these institutions.

When you work with Across the Pond, we are on hand to help every step of the way, even once you are enrolled at your university. We are confident that with our high level of personal guidance, you can maximize your chances of being accepted to some of the best universities in the UK – and the world! Our UK Study Experts’ expertise and commitment are the cornerstone of Across the Pond, and it is because of these qualities that we continue to help you achieve your study goals overseas.

Our commitment is to provide students with a free, personalized, and comprehensive service. Whether you want to apply to an undergraduate or graduate program at our partner universities, we ensure each student is best matched in terms of their academic and personal goals.

We are able to offer a customized, free service because Across the Pond is funded entirely by our partner universities in Britain to represent them in the United States.

WHAT DO YOU NEED TO APPLY?

Applying to British universities is surprisingly simple with the **free guidance and expertise** from the Across the Pond team.

Firstly, [sign up for an advisor](#) on our website and your personal student advisor will get in touch to answer all your questions and start the application process, if you’re ready. Whether you have a question about studying in the UK, would like more information on specific universities or programs, or you are ready to start the application process, we can help!

What you need to apply:

REFERENCES AND TRANSCRIPTS

In order to complete your application, you will need one letter of recommendation if you are an undergraduate student and two letters of recommendation if you are a graduate student. We can help your referee with what to write, if necessary.

You must also submit an official transcript from your current or most recent place of education.

PERSONAL STATEMENT

Each university will expect a personal statement of approximately 500 words to be submitted with your application. Your Across the Pond Advisor will provide you with detailed guidelines as to how to create the perfect statement and provide you with feedback to ensure it meets the criteria a British university expects.

In summary, we will walk you through every step of the process, of not only helping you create the strongest application possible, but also arriving successfully in the UK. Contact one of our UK Study Experts and start your next academic adventure today.

Attending a UK university allows you to complete your bachelor's degree in a shorter time frame for much cheaper than in the States! All while having a great experience abroad and gaining invaluable qualifications!

Holden,
University of Chester

COSTS

Most students assume it is extremely expensive to study in the UK, but this is not the case! More often than not, the cost of study is cheaper than in the US. There are many reasons for this, but in general, tuition is cheaper and degree programs are shorter, and these factors together significantly reduce the cost of education.

Undergraduate degree programs in England and Wales, and Northern Ireland can be completed in just three years (in Scotland, it still takes four). This not only means that you save on time and money, but you get to start your career or master's degree sooner!

Most Master's programs are just twelve months of study

- again, cutting your fees significantly from a two- or three-year US degree.

Tuition fees in the UK are cheaper than most private universities in the US and are on par with many public universities.

You should expect to pay anywhere from \$15,000 to \$25,000 for tuition fees and \$17,000 to \$20,000 in living costs for each year of study in the UK.

The higher tuition costs encompass specific laboratory science programs and the MBA; the higher living costs represents the expense of living in London

SCHOLARSHIPS

Scholarship help is more limited in the UK compared to the US (largely because it is less expensive to study in the UK), and students need a university offer in order to apply for any scholarships the universities have available. This is why we suggest you apply ASAP!

ACCOMMODATION

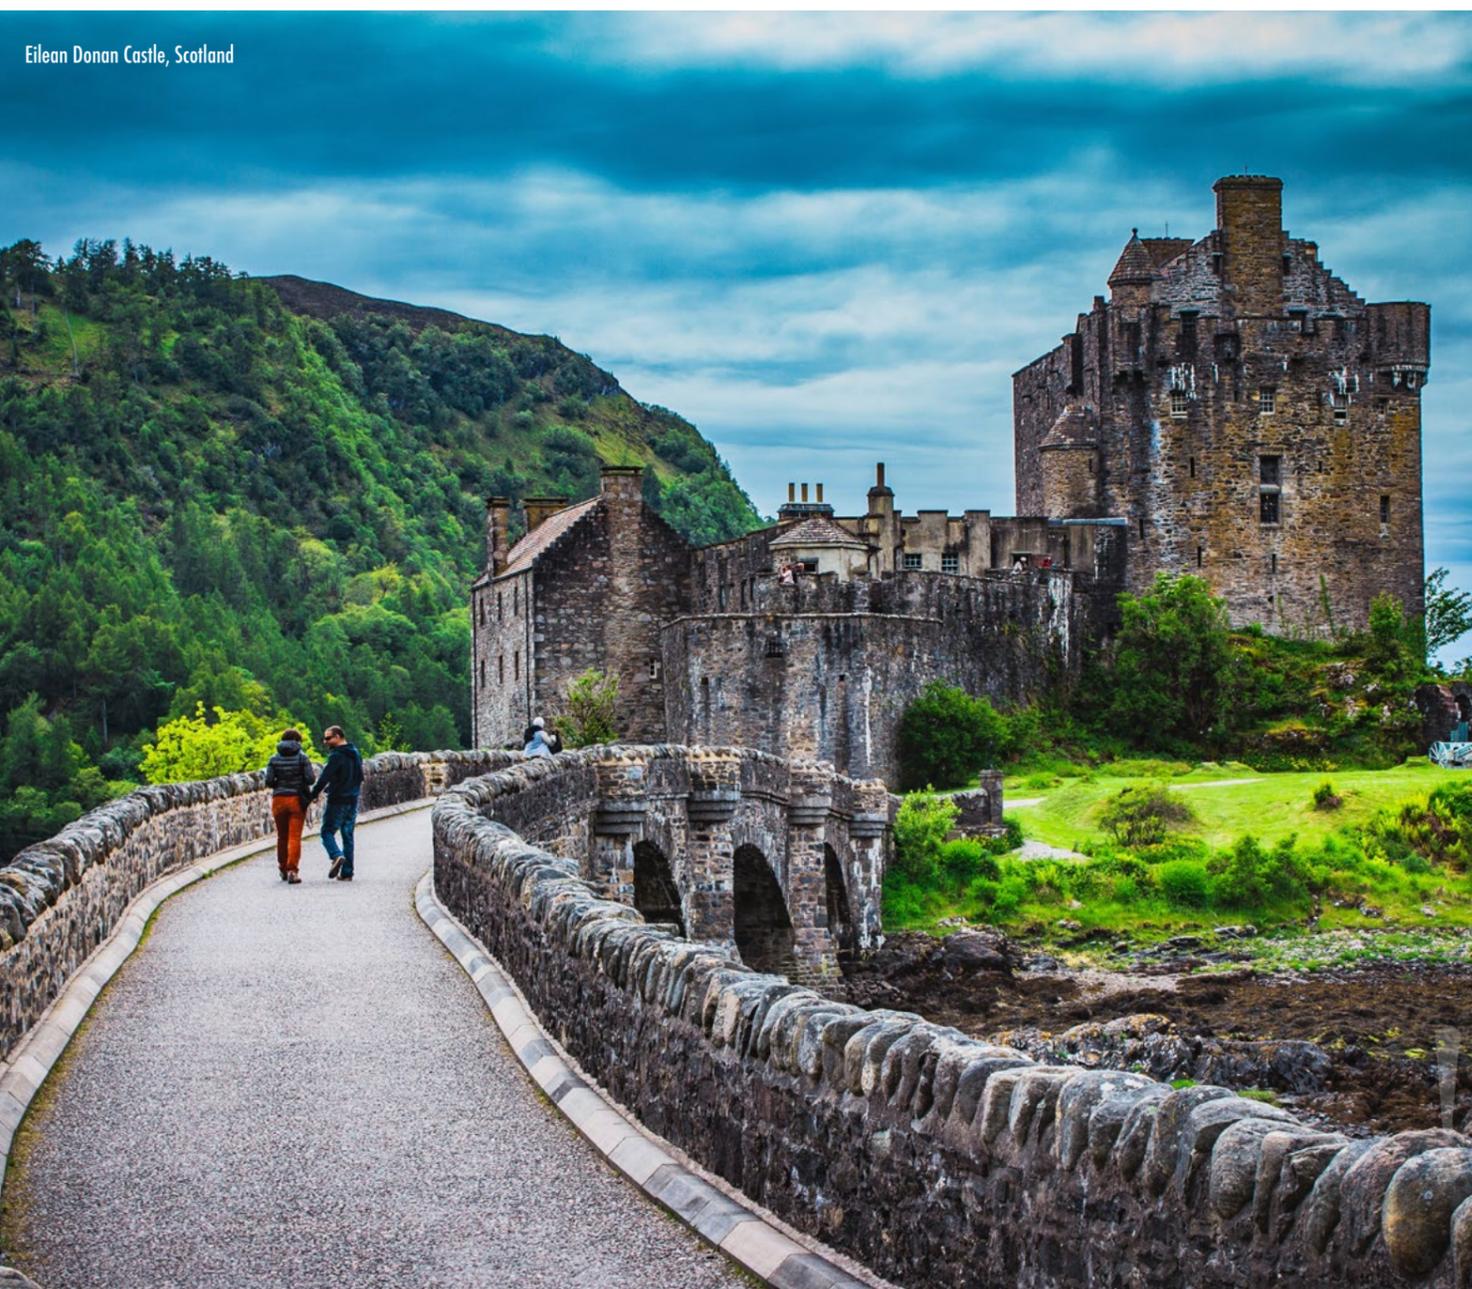

You have the choice between living in student-organized accommodation or in private housing. With benefits to each, your personal Across the Pond advisor will work with you to determine which option is best for you socially and financially.

The majority of our partner universities guarantee university-run accommodation for international students during their first year of study, which makes sorting your finances and lodging much easier from home, since you will not have to worry about any extra utility payments, taxes or fees; these are all included in one lump sum paid directly to the university.

The cost of living in UK student halls varies and depends on location, the length of your contract, and how new and modern the accommodation is. These varying factors make it difficult to provide an exact overall estimate, but most universities breakdown the cost week-by-week, with prices ranging anywhere from \$130-\$500 per week. Whatever housing option you choose, you can be confident in the knowledge that you will not be paying for any extras since electricity, water, taxes, and internet costs are all included.

If you prefer, you can choose to find private accommodation, but this can be a bit more complicated to arrange long distance, and you will be responsible for not only your rent, but also possibly city taxes and extra bills, like internet fees, depending on where you live and with whom you live. Additionally, many landlords want to meet students in person before leasing their space.

Landlords may also require large, upfront deposits, and often you will need a British guarantor and/or a British bank account. This does not mean that living in private accommodation is impossible; it is just a little bit more complicated and time-consuming to arrange. Some of our advisors have lived off-campus during their studies in the UK and are always happy to chat with you if you are considering this option, but ultimately you are responsible for your own living arrangements.

Eilean Donan Castle, Scotland

Studying across the pond has been an eye-opening, exciting experience, and the UK was a great choice. Knowing the language made the cultural transition easier, and there is so much to learn from living in England.

Emma,
Newcastle University

The MA programme was much what I expected for a one year course, very intensive at times, but very rewarding when you consider it would have taken two years for the same degree back home.

Kelly,
Middlesex University

TYPES OF STUDY

UNDERGRADUATE DEGREES IN THE UK

British universities offer a very wide range of subjects and you have the option to combine several subjects within your degree, or concentrate on one major throughout your studies. Students who pursue undergraduate programs with universities in the UK focus on their major coursework from the start of their degrees.

Our Across the Pond Advisors will help assess your academic background, test scores and personal interests before recommending the universities and programs that will best serve your academic and professional goals. You will receive free guidance and advice from your own personal advisor to help you choose the British university and undergraduate degree that is right for you. Entry requirements vary from one British partner university to another and from one academic department to another, so entry requirements are one area where past Across the Pond students have really benefitted from our expert advice.

[Contact one of our UK Study Experts](#) for more information to find the right course for you.

GRADUATE DEGREES IN THE UK

The Across the Pond UK partner universities have an outstanding range of top graduate degree programs, most of which are offered in globally-leading departments. Whether you have already completed a study abroad program and wish to pursue British graduate degree or wish to study in the UK for the first time, we offer you options specific to your individual objectives and background.

A British master's degree can bring several benefits compared to a corresponding US degree. A recent IPSOS MORI survey has actually revealed that most employers in the US consider degrees earned in the UK to be the same as or better than those earned in the US.

Our Across the Pond Advisors will help assess your academic background, GPA, professional experience, and personal interests before recommending the universities and the programs that will best serve your professional goals. You will receive free guidance and advice from your own personal advisor to help you choose the British university and graduate degree that is right for you.

[Contact one of our UK Study Experts](#) for more information on the right graduate degree for you.

STUDYACROSSTHEPOND.COM

Part of the reason why I wanted to go to school in England were the possibilities for travel. The diversity of the countries nearby is immense, so just traveling an hour or two will bring you somewhere totally new.

Holly, University of Surrey

Portland Bill Lighthouse, Dorset

My master's degree has been better than some vacations. On weekends I have gone to underground clubs in London, weekends in Paris filled with museums and crepes, skiing the Swiss Alps on empty off weeks, and blending in with the rich in Monte Carlo and Cannes. Plus with everyone in my programme, I now have places to stay all over Europe. The fun has just begun!

Dylan, Edinburgh Napier University

I love the diversity that is in the classroom. My peers come from all over the world and each person provides a unique perspective on certain issues and topics, something that I never experienced in America.

Ali, University of Worcester

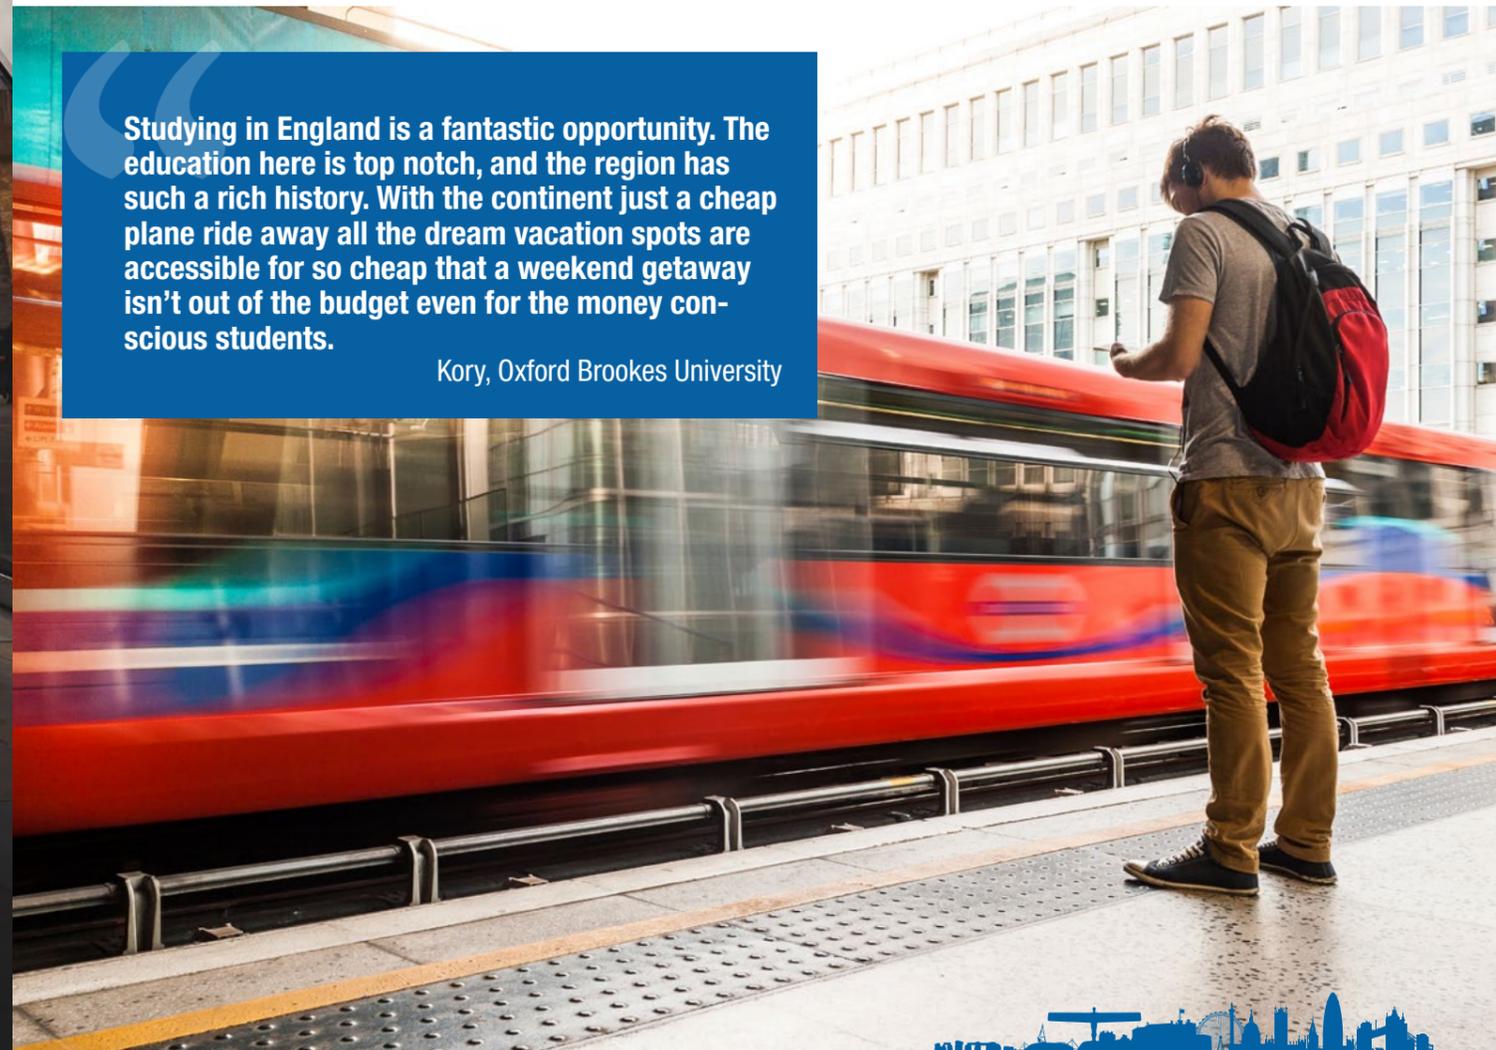

I got an unbelievable chance to go to Abbey Road Studios, one of the best studios in the world. I spent the whole day in studio 2 recording backing vocals for a song composed by third-year students. It was an unforgettable experience.

Amanda, Solent University

Studying in England is a fantastic opportunity. The education here is top notch, and the region has such a rich history. With the continent just a cheap plane ride away all the dream vacation spots are accessible for so cheap that a weekend getaway isn't out of the budget even for the money conscious students.

Kory, Oxford Brookes University

The course exceeded my expectations and the facilities, especially the library, is amazing. My professors were incredibly knowledgeable. More than that they were willing to meet up to discuss my coursework and their expertise.

Kimberly, Queen's University Belfast

University of Brighton

libraries, media centers, computer rooms, campus-wide Wi-Fi and student central, the university's online learning environment.

Research

The University of Brighton is a research-active community making significant contributions to social, cultural, economic and environmental wellbeing across a broad range of work. The Research Excellence Framework 2014 (REF) recognized 92 per cent of our research as being world leading or internationally excellent in terms of the impact it makes.

Student support

Trained advisors provide personalized advice on a range of practical issues such as visas, accommodation, health and finance, and give guidance on day-to-day living in the UK.

In addition, all new international students are invited to attend an orientation program to help them adapt to life in the UK. It's a great

way to meet other new students, get to know the university and join in with social events.

Join our global community

Nearly 3,000 international and EU students study at the university each year. The rich mixture of nationalities and cultural backgrounds this represents makes the University of Brighton a truly international community. We have a substantial cohort of current students and alumni from the USA and Canada.

An experience that lasts a lifetime

During your time here, you can benefit from a wealth of experiences outside of your studies. Brighton is home to some fantastic festivals including music, arts, digital and science. The Students' Union has over 100 societies ranging from business start-ups to cultural groups. There are also over 60 sports societies, free language classes and student community activities such as TV and radio stations and a food cooperative.

FACTS

Student population: 21,134

We offer a range of other scholarships open to international students, for study at both undergraduate and postgraduate level. Ask your Across the Pond advisor for details.

brighton.ac.uk

Welcome to the University of Brighton

The University of Brighton is a thriving community of more than 21,000 students located in beautiful locations along England's south coast within easy reach of London, Europe and beyond.

A brilliant place to study and live
We take our name from one of the most diverse, energetic, and popular cities in the UK. The university is spread across the city of Brighton, from the seafront to the South Downs and also has campuses along the coast in lively Eastbourne. Brighton is less than

an hour to central London and only 30 minutes away from Gatwick International Airport.

Career-focused approach
Our focus is on developing the skills you will use after you graduate. Almost all degree courses offer work-related learning opportunities, and many offer salaried placements of up to a year. You can build additional experience and skills through project work, volunteering, or joining local entrepreneurial networks.

Over 50 professional bodies accredit our courses.

Specialist learning facilities
The university's professional-standard learning facilities enable our students to build practical skills and experience they can use throughout their career.

Facilities include TV and radio stations, a podiatry hospital, flight simulator, human movement labs, a dispensing pharmacy, prototyping facilities and many more. You will also have access to

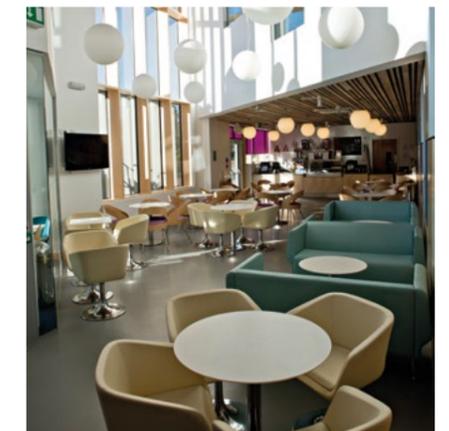

"I truly enjoyed being at the University of Brighton and loved both the academic and social aspects. From trips to the beach, the annual Pharmacy Ball, and opportunities for further study in special interests, Brighton has a lot to offer for everyone."

Meera Surti from Canada
Pharmaceutical Studies Mpharm

"The best thing about Brighton is the vibrant, coastal location and access to London and the rest of Europe. The best part of the course was fostering relationships with my lecturers and tutors - I still keep in touch with some of them!"

Amelia Hagen from Washington USA
International Event Management MSc

The perfect setting

With 20,000 students from 130 countries worldwide, Chester provides a diverse, vibrant and safe location for international students. In 2019, the city was ranked second most student-friendly in the UK.

chester.ac.uk/international

Life in Chester

Our students love the city and it's not hard to see why. Chester is consistently ranked as one of the best and safest places to live in the UK.

Ideally placed in the North West of England, Chester is close to the major cities of Manchester and Liverpool, a two-hour direct train ride from London and is bordered by the beautiful coast of Wales.

As a beautiful and compact city, you'll be able to explore Chester's historic and cultural surroundings by foot with all campuses just a short stroll away.

Careers and Employability

With hundreds of single and combined courses at Bachelor's, Master's, and Research level, we are confident you will find a programme to satisfy your thirst for knowledge. All our courses have an emphasis on practical learning which will provide you with the skills and experience employers are looking for.

Every Bachelor's degree includes a Work Based Learning Module where students complete a five-week work placement at a professional organisation. You will have the opportunity to complete your placement at businesses across the world.

“Cranfield is a great university focused on industry needs; therefore, the learning is focused on acquiring the soft skills and practical knowledge to become a competitive professional

Gustavo Gonzalez Lozano, Engineering and Management of Manufacturing Systems MSc

Cranfield
University

Why Cranfield University

As an exclusively postgraduate university, Cranfield creates leaders and innovators in the specialist areas of science, technology, engineering and management.

Themes

Aerospace
Defence and Security
Energy and Power
Environment and Agrifood
Manufacturing
Transport Systems
Water
School of Management

Flexible and unique learning environment

Our student-to-staff ratio – 5:1 – is one of the best of any university in the world. 96% of our graduates are in relevant employment or further study six months after graduation. Our students tell us that our hands-on, practical approach, our specialist focus and the depth and excellence of our education, research and industry links are what attract them here.

Our programmes are structured to offer many choices from full and part-time study, including short courses. On some courses, you can choose to start your studies at different times of the year. Our taught programmes can deliver an MSc, MBA, MRes, MDes, PgDip or PgCert.

Unrivalled links with business, industry and government

Our programmes are designed with industry partners to equip you with the

knowledge and skills to meet the latest challenges facing both public and private sector organisations.

We have mutually beneficial relationships with around 1,500 companies and organisations. These include Airbus, Jaguar Land Rover, Rolls-Royce, Unilever, easyJet, Coca-Cola, and the UK Civil Aviation Authority and UK Ministry of Defence.

World-class, large-scale facilities

Cranfield is one of only a few universities in the world to own and run its own airport, maintaining an aerospace heritage stretching back more than 70 years.

Many of our facilities are industry standard, used by partners and other businesses and serve as essential, front-line resources for the UK as a whole. These include:

- The National Flying Laboratory Centre and the National Wind Tunnel facility
- The National Reference Centre for Soils.
- Crash Impact Centre; one of just three FIA-approved test centres in the world, crash-testing Formula One cars.
- The Structural Integrity Laboratory studies the mechanical behaviour of components and material samples up to 250,000 tonnes and has machines unique to any university in Europe.
- National Centre for Explosives Chemistry is used to develop and characterise explo-

sives, propellants and pyrotechnics

- Accident Investigation Laboratory is dedicated to our internationally-renowned work in aviation, marine and rail safety.
- Aerospace Integration Research Centre, a new £35 million innovative aerospace research centre that is changing the design of future aircraft.

Life at Cranfield University

Cranfield University is a truly international community where students from all over the world come together for their education in a safe and peaceful environment. There is a wide range of accommodation to meet diverse requirements, including family homes and single student apartment blocks.

As a student of Cranfield University, you are automatically a member of the Cranfield Students' Association (CSA). The CSA runs a wide range of activities and entertainment, day trips, sports clubs and cultural/social societies.

All campus amenities – including bars, a supermarket, a post office, sports hall and bank are within walking distance. There is also an on campus nursery and preschool offering the very best for young minds. Excellent leisure and shopping facilities can be found in Milton Keynes and the historic town of Bedford, just a short drive away.

“At Cranfield there is a huge opportunity to meet new people from all around the world and to discover new cultures. Many activities outside of the course are possible. I took part in the basketball team with which I travelled all around the UK

Jeremy Daudel,
Advanced Materials MSc.

Number of students: Over 5,000 from over 100 countries

Tuition fees: Ask your Across the Pond advisor for details

Location of university: Cranfield Bedfordshire campus is 50 miles from London and Shrivenham campus is 80 miles from London

Population: 166,252

Closest Airports: Heathrow, Luton and Birmingham

Rankings: In the QS World rankings 2019, we are ranked in the top 40 for Engineering – Mechanical, Aeronautical and Manufacturing

WELCOME TO DERBY!

derby.ac.uk

The University of Derby is an ambitious, innovative and modern university offering a real world learning experience. We were awarded 'Gold' in the UK's first-ever Teaching Excellence Framework, placing us in the top 20% in the country. We are in the top 30 in the Guardian League table.

Located in the heart of England, we build on our region's heritage of innovation to provide industry-relevant, expert teaching, from foundation and undergraduate degrees through to postgraduate study and research. We deliver a range of programmes across our 6 Colleges: Arts, Humanities & Education, Business, Law and Social Sciences, Engineering & Technology, Health & Social Care, Life & Natural Sciences and the Centre for Contemporary Hospitality & Tourism.

We've invested £200 million in some of the best university facilities in the UK and with our reputation for industry-relevant degree programmes we offer our students unparalleled opportunities to gain professional work experience alongside their studies.

Derby is a leading hi-tech and cosmopolitan city, home to global names such as Rolls-Royce, Toyota and Bombardier. With courses built with employability in mind it's no surprise that 96% of our graduates are employed or studying 6 months after graduation (HESA 2018).

Derby is a safe and welcoming small city located in the heart of the UK, just 90 minutes from London with good transport links to other larger cities and close to East Midlands airport.

We are proud to have the No1 Student Centre in the UK according to the International Student Barometer 2018 with a dedicated visa advisor, i-admissions team and welfare officer to support students throughout their experience of studying abroad.

There is a range of scholarships and discounts available to international students - ask your Across the Pond advisor for details.

When you study at Durham University you will have access to a vast range of courses delivered by world-leading experts in outstanding study facilities.

Founded in 1832, Durham is the third oldest university in England and has a long-established commitment to research. Delivering a cutting-edge research-led education is at the heart of what we do, which means that our academic staff are more than just lecturers reading from books - you'll be working with world-leading academics at the forefront of their fields.

STUDENT EXPERIENCE

Durham University is not just a great place to study - it is a great

place to be a student. While we expect academic excellence, we recognise that academic success is only half the story.

To help you really make the most of your experience with us and develop a broad range of skills to equip you for your future, we provide a variety of extra-curricular activities for you to build your own unique student experience based on your interests and abilities.

WE HAVE:

- Over 200 different clubs and

societies to join

- 500 sports teams across 18 different sports
- More than 60 student theatre productions annually
- Students raising money for 120 different charities
- Over 40 local community projects where students can volunteer

A COLLEGIATE COMMUNITY

Durham is a collegiate university, made up of 17 college communities which provide residential, social and welfare facilities for

WORLD CLASS STUDENTS WORLD CLASS FACILITIES

their student members. First year international students are guaranteed a place in college accommodation and students say that our colleges are one of the best aspects of student life at Durham University and the main reason why your experience here will be different to anywhere else.

Being part of a college means that you get all the benefits of a large international university whilst living in a smaller scholarly community. Colleges offer a high level of personal support as well as a wide range of extracurricular opportunities and social facilities.

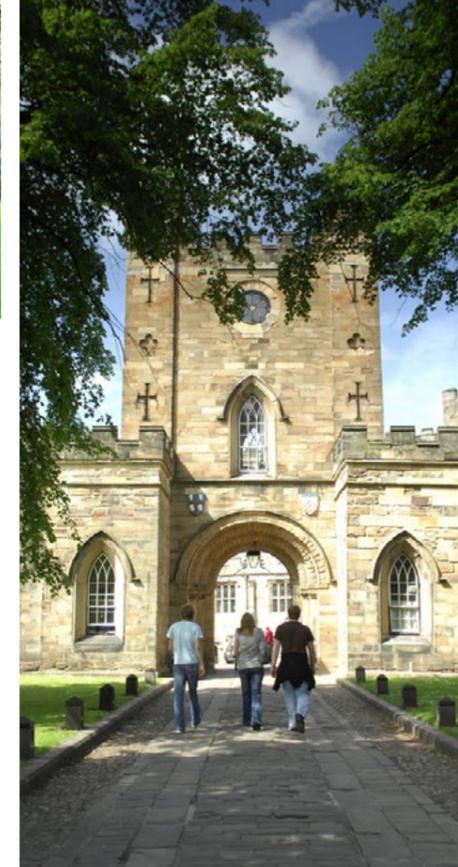

LOCATION

Based in a fantastic location, Durham University welcomes students from over 150 countries to the beautiful North East of England.

320

acres of beautiful nature
around campus

The University of East Anglia (UEA) is a campus university just two miles from the mediaeval city center of Norwich. The University is recognized for its academic and research achievements and attracts students from over 120 countries. Students enjoy a safe and pleasant environment that meets all of their academic, social, and recreational needs. UEA was awarded Gold in the Teaching Excellence Framework 2017. UEA also ranks consistently highly for student satisfaction in the National Student Survey, which reflects the quality of education, resources, and support offered to students.

UEA offers a range of undergraduate and postgraduate programs under four faculties: Arts and Humanities, Health, Science, and Social Sciences. Our subjects frequently place in the top 20. Flagship programs include the UK's first School of Environmental Sciences and Creative Writing course. The professional education offered by our Schools of Business, Social Work, Medicine, Education, and Law are highly regarded. History, Film, Television and Media studies, Development Studies, and Philosophy are additional examples of our academic fortitude.

UEA's campus was designed so that everything

you need for living and studying is no more than a few minutes away. Our library is open 24/7, providing study, computer, social, and quiet areas. Students can do their shopping, banking, laundering, mailing, and shipping on campus. There are multiple places to eat, drink, and socialize with a lively, multi-cultural community.

Campus features live music events, club nights, film screenings, and an array of student societies to join. UEA is home to the biggest indoor sports center in Britain, the Sainsbury Centre for Visual Arts (featured as the Avengers HQ in some Marvel movies), and its own medical center and on-campus dentist.

Students also have access to support services, a multi-faith center, and careers services. UEA is investing £300 million in facilities for staff and students. In the summer of 2019, UEA opened a state-of-the-art teaching and learning building for Science and Engineering. The Sky House will open in 2022 as the home of Arts and Humanities and some Social Sciences schools.

UEA accepts U.S. Federal Loans through the FAFSA and offers competitive international scholarships.

“UEA’s faculty is incredible and very student-centric, which was important to me as someone very invested in my own research. Studying in the UK has a very different feel than academic institutions in the United States do, and I have loved every minute of it.”

ESSEX

“I was really excited to come and study in the UK, as I wanted to build my academic understanding and a working knowledge of European culture first hand. The University of Essex was my first choice because it is well known for its work in both politics and philosophy. I settled in quickly, especially as my school held a welcome reception for all new students (complete with drinks and a game of pool with our tutors in Top Bar!) and provided us with mentors.

Throughout my time at the University, my academic circle has been outstanding and provided me with guidance, assistance and a path to shaping my academic life here at Essex and beyond. I especially enjoy my philosophy modules and the different ways in which I am taught; lectures provide the intellectual framework I need to explore issues and my classes are run in a way that allow all to engage, discuss and explore content material.”

Rebecca Hamilton
BA Philosophy and Politics, Illinois, USA

- With students from over 140 nationalities Essex is the world in one place. Nearly 40% of our students are from outside of the UK.
- Our campuses in Colchester and Southend are located within an hour from London and offer great facilities and a lower cost of living compared to the capital
- Our degree structures are flexible and you have the opportunity to add a paid work placement year or a year of study abroad to most of our Bachelor's programmes

Facilities

The university spans three campuses, all located within one hour of central London. The main campus in Colchester is a university town surrounded by beautiful ancient parkland. All on one site, situated on the edge of Britain's oldest recorded town, students have access to state-of-the-art learning facilities, library, accommodation, shops, bars, cafés, nightclubs, restaurants, extensive sports facilities, banks, an art gallery and a theatre.

We're one of the most internationally diverse campus universities in the UK, so you'll have a great environment for living and learning.

Our Southend campus houses our Entrepreneurship and Innovation courses and part of the East 15 Acting School. Its location in Southend-on-Sea boasts seven miles of spectacular coastline. Here you can sail, kitesurf or cycle along the coast.

With a wide range of live music venues, entertainment, theatres and contemporary art spaces Southend has plenty to offer.

The Loughton campus of East 15 acting school combines both the buzz and diversity of London while also offering an attractive green and peaceful setting in which to study. The campus is located close to a London underground station, offering you access to the vibrant arts scene at your doorstep.

WELCOME TO HUDDERSFIELD

The University of Huddersfield is located in the centre of the United Kingdom, in the county of Yorkshire. Huddersfield is an historic town surrounded by beautiful countryside. We are situated just 30 minutes from Manchester and 20 minutes from Leeds. A safe and affordable town, Huddersfield offers a fun and student friendly study experience.

We have a global outlook and welcome students from over 120 countries worldwide. They come because of our academic reputation, the range of courses on offer, the quality of the teaching, the international student experience and our graduate employment rates.

Most of our courses offer the opportunity to get involved with industry, from sponsored projects and guest lectures, to internships and work placements. Many of our full-time degree courses include the option of an internship where you will spend a year on a paid work placement.

Our multi-million pound campus provides you with access to some of the best facilities and equipment in the country. In addition to developing your academic abilities, Huddersfield has a dynamic, creative and cultural mix with a strong reputation for student safety.

Here at the University of Huddersfield we are also very proud of the excellent student experience we provide. Indeed in the 2016 International Student Barometer we were ranked 40th in the world for student satisfaction.

International Campus Events
We have a large range of international student activities, including 60 different international societies ranging from the Chinese through to the Scandinavian society. These societies arrange regular events and help us to host an international food and culture week on campus.

Accommodation
Huddersfield has great accommodation for students. We can offer options on the doorstep of our campus, in the town center and a short bus journey from the campus.

Sports & Societies
Whether you're interested in competing for one of the University's sports teams, or would like to just play socially; there's a variety of sports opportunities for everyone here at the University of Huddersfield. We also

have many clubs and societies for you to get involved with during your time with us. From cricket to cheerleading, rugby to the rock and heavy metal society, we feel sure we will have something to suit everyone.

Careers
We have an excellent careers team who can help you find both part time work and a job on graduation. 94.5% of our students go into work or further study 6 months after graduation.

Popular Subjects

- Art and Design
- Journalism
- Photography
- Creative Writing

A DEGREE TO BE PROUD OF

“The scope here is not small. The potential you have to take your ideas and have them considered in broader context and blown up to a worldwide perspective is just something that you can't get at every university but you can get it here. And that's enough to come across an ocean and study, just to change the way you see the world.”

George Temple, MA Creative Writing

A leading UK university, Kent is ideal for outstanding students keen to advance their career. Awarded Gold, the highest rating, in the UK Government's Teaching Excellence Framework†, we offer you high-quality teaching, world-leading research, stunning study locations and a superb student experience.

We offer a wide range of undergraduate and postgraduate degrees, exciting study abroad and year in industry opportunities, summer schools, and a generous scholarship fund including awards for academic, musical and sporting excellence and our dedicated £8,000 scholarships for international students.

The UK's European university, Kent has beautiful UK campuses close to London, and specialist postgraduate centres in Paris, Brussels, Athens and Rome.

† The University of Kent's Statement of Findings can be found at www.kent.ac.uk/tef-statement

A successful future

We are dedicated to helping you gain an advantage when the time comes to embark on a career. We have a range of initiatives including internship opportunities and an employability advisory service. And these initiatives work: more than 95% of our undergraduate students who graduated in 2017 and responded to a national survey, were in work or further study within six months (DLHE).

Academic excellence

All of our academic schools produce world-class research. In the most recent Research Excellence Framework, Kent was ranked in the top 20 for research intensity in the *Times Higher Education*, outperforming 11 of the 24 elite Russell Group universities.

Superb student experience

With our wide range of student societies, including sporting and international groups, whatever your interests, you're likely to find something to excite. You could even establish your own society.

All our students have access to a wide range of personal support services. These include the Medical Centre on the Canterbury campus, the Counselling Service, the Disability and Dyslexia Support Service, and a multi-faith Chaplaincy team. We also provide comprehensive academic support facilities, including the Student Learning Advisory Service, which provides free study support and advice.

GO FURTHER, COME TO LEEDS

Be part of a prestigious, research-intensive Russell Group university, ranked in the top 100 in the world. We have a global reputation for outstanding teaching and an exceptional student experience. Every year more than 7,000 international students from over 150 countries choose to study with us, making our University campus one of the most diverse and multicultural in the UK.

Academic excellence

Be part of a dynamic community with access to inspirational teaching, informed by the latest research breakthroughs and discoveries. We were awarded a Gold rating in the Teaching Excellence Framework - the highest award possible. As well as core modules, most of our degrees give you the opportunity to choose from hundreds of discovery modules at both undergraduate and postgraduate level. This allows you to tailor your study around your interests or career aspirations and help you stand out from the crowd when you graduate.

Student experience

Studying at Leeds is more than just getting a degree. We encourage all our students to take advantage of the range of opportunities available to you, meaning you can make your time here truly unique. Our students' union was the first in the UK to be awarded Excellence status by the National Union of Students (NUS) as part of its Quality Students' Unions accreditation scheme. It is home to over 300 student-led clubs and societies - you can get involved with something that already interests you, or try something new. It's also a great way to meet new people and develop new skills.

Preparing for your future

We provide you many opportunities to enhance your skills and give you the confidence to stand out from the crowd. Over 650 graduate recruiters target our students and visit campus year after year. They are assured of the quality of a Leeds education and the high calibre of our

graduates. We are top 5 in the UK for graduate recruitment. Our award winning Careers Centre can help you improve your CV, offer advice on job applications, preparing for interviews and other options after graduation.

The City

Leeds has one of the largest student communities in the country, making it an exciting place to live and learn. It also has lots of green space and nearby countryside to escape to. Our single site campus is only a 10 minute walk from the centre of Leeds - a vibrant, affordable and student-friendly city. Leeds was named the 5th best city in Europe to visit in 2017 by Lonely Planet.

Support for international students

You'll be part of a friendly and diverse global community here at Leeds. We're committed to making everyone feel welcome. It's probably why we're one of the most popular destinations for international students in the UK. You will get help with traveling to Leeds, making sure you get the right visa, deciding what to bring with you and adapting to British culture. We offer a meet and greet service at Leeds Bradford airport and Leeds train station to help you get to your accommodation. You will also receive information about our International Welcome Week - a free programme of useful information sessions and social events to help you settle in. But this support doesn't stop once you arrive. All students are assigned a personal tutor, our halls of residence have wardens on site and our International Student Advice Team are always on hand to help.

"When I learned about the University of Leeds, I knew right away it would be a perfect fit. I chose it because I knew that I would get a great education, have the chance to get involved in a couple of the hundreds of activities and clubs Leeds offers, and live in a place that blends together a perfect balance between a bustling city and a relaxed town."

Jane Kennery, (MA Professional Language and Intercultural Studies)

EDUCATION THAT'S INSPIRED BY WORLD-CLASS RESEARCH

The University of Leicester occupies an attractive campus inside the city. We are famous for Sir Alec Jeffreys discovery of DNA fingerprinting, and for our interdisciplinary work to locate the remains of King Richard III.

Leicester is a student city: whether it's shopping, restaurants, nightlife, museums, entertainment, music, or sport, Leicester has all the facilities and attractions of a major city together with a safe and friendly atmosphere.

Our award winning Students' Union offers services and events to inspire and entertain students throughout the year. The SU supports over 150 societies, campaigns and issues that matter to students. We have two sports centres, each with a swimming pool, located on the main campus and in the Oadby Student Village.

The David Wilson Library, opened by Her Majesty the Queen, provides an excellent study environment, including hundreds of PCs, group study rooms, quiet study areas,

staffed and online Help Zones, together with a café and Digital Reading Room. A confidential AccessAbility centre inside the Library offers a variety of support services to students.

All new international students are encouraged to attend Welcome Week immediately before the start of the academic year, which provides a great opportunity to settle into life on campus and meet your fellow students.

We guarantee an offer of a place in University allocated accommodation to all new students, both undergraduate and postgraduate, who apply before the 1st September deadline in the year you begin your studies. We offer a wide choice of accommodation, so that you can choose a place to live that best meets your needs and budget.

For undergraduates, the Oadby Student Village, located 2.5 miles from the campus in a leafy, pleasant suburb of Leicester, provides an attractive environment in which to work and relax. You can request

a room that includes a meal-plan, or add one to a self-catered room package. We were the first university in the UK to receive gluten-free accreditation from Coeliac UK. There is a variety of room types, from standard single to en-suite (private bathroom). Postgraduate students can choose between self-catered accommodation in University halls or privately-rented accommodation.

The University of Leicester was founded in 1921 in the aftermath of World War 1. The men and women who created our university hoped that it would be not only a living memorial to the past, but a beacon of hope for the future. Their aim was that education and research would change the world for the better.

Today the University of Leicester is a lively, creative and global community, committed both to undertaking research that saves, improves and enriches lives, and to fostering a teaching and learning environment which transforms the prospects of our graduates.

At the University of Liverpool we are big ideas and bold, independent thinkers. Individual triumphs and world firsts. Lively debates and life-changing research. Flashes of inspiration and hard-earned breakthroughs. We're the original redbrick, and we're proud to be distinctive.

With a rich heritage stretching back to 1881, the University of Liverpool is a founding member of the Russell Group, the prestigious association of the top 24 research institutions in the UK. We are a global university with strategic collaborations and pioneering partnerships with international governments, research institutes, universities and organisations.

Gain access to research on a global scale

By joining our research led university, you will learn from inspirational figures

who will challenge and encourage you throughout your studies. The University offers over 600 undergraduate and postgraduate programmes across a comprehensive range of subject areas throughout our three faculties; Faculty of Humanities and Social Sciences, Faculty of Health and Life Sciences and the Faculty of Science and Engineering.

Our teaching is inspired by research with real world impact which is why 81% of the University's research is ranked in the highest categories of 4* (world leading) and 3* (internationally excellent) in the

UK's Research Excellence Framework (REF) 2014. Our excellence in teaching, learning and research, first class facilities and outstanding support places us in the top 200 universities worldwide. Our active learning environment, led by our academic experts, will challenge you academically and ensure you are well equipped and prepared for your career.

Graduate with global insight

Our incredible network of partner institutions worldwide offers you the opportunity to travel, study abroad and make your own worldwide connections. We were the first UK university to establish a joint venture university in China, which gives our students a unique opportunity to experience living and studying in one of the world's fastest growing economies through a choice of study options, including spending a year of their degree on our pioneering Year in China programme.

Our University of Liverpool in London campus in the heart of the city's financial district offers a suite of professionally focused postgraduate programmes in a number of subject areas. Undergraduate students can also spend a year of their degree on our London campus.

International students are a key and integral part of our student community, with over 8000 international and EU students from over 130 countries currently studying at Liverpool.

We offer personalised and supported entrance into the UK for International students as well as a full Welcome programme when you arrive. The award winning Liverpool Guild of Students offers a range of international and cultural societies amongst the 200 plus societies students can join.

Prepare for your future career

Our award winning Careers & Employability Service provides dedicated advisors for international students as part of your careers toolkit, including events and seminars, peer to peer coaching and opportunities to meet organisations keen to recruit Liverpool graduates.

A city with spirit and energy

The vibrant, exciting city of Liverpool, birth place of the Beatles and home to Liverpool and Everton football clubs, has a global reputation for sport, music, architecture and a wealth of culture for you to explore, which is why Liverpool was ranked 1st for City Life in WhatUni?'s 2018 Student Choice Awards.

Liverpool was also voted the UK's friendliest city in a recent Conde Nast Traveller Survey and with over 60,000 students in total across the city. Liverpool is also one of the most cost-effective student cities in the UK.

Financial support

The University offers a generous range of scholarships and awards for international students such as our Vice Chancellor's International Attainment Scholarship. For further information about scholarships, please contact your Across the Pond advisor.

LIV.AC.UK

Loughborough University is an internationally-renowned university based in the centre of the UK. Our superb 438-acre Loughborough campus is home to students and staff from over 100 countries. Green spaces, world-class sports venues and excellent academic facilities combine to make our single-site campus a safe, welcoming place with a real sense of community.

Our achievements

- University of the Year 2019 (*Times and Sunday Times University Guide*)
- 1st for Student Experience Survey 2018 (*Times Higher Education*)
- 4th in the Guardian University League Table 2020
- University of the Year 2018 (*WhatUni Student Choice Awards*)
- 7th Complete University Guide 2019
- Best University in the world for sports-related subjects (*Global QS higher education league 2019*)

An award-winning student experience

There is a reason why our student experience has been voted the best in the country more times than any other university in the UK (*Times Higher Education Student Experience Survey*). Life at Loughborough is vibrant, rewarding and brimming with exciting opportunities to make your time at university truly unforgettable.

Outstanding teaching

Loughborough University is best known for its teaching in Engineering, Business and Sport, however the University excels in Art, Design, Social Sciences and Science subjects too.

Cutting-edge research

A research-intensive university, Loughborough is renowned for the relevance and impact of its research. Our interdisciplinary approach is driven by society's need for practical solutions to real-world problems, and we continue to use our research to make a difference to real lives all over the world.

Superb facilities

The University Library provides a complete range of services to support a student's journey including over 1,300 study spaces (250 with fixed PC access), around 700,000 volumes, over 100 databases and 30,000 electronic journals. The library also hosts free workshops to all students on the getting the most out of the facility and is open 24 hours during revision and exam time.

The campus recently opened a state-of-the-art £5 million STEMLab, complete with science and engineering laboratories, workshops, studios and facilities.

Almost £50 million was recently invested in our new halls of residence, Claudia Parsons, which provides over 600 new student bedrooms. The halls also incorporate the UK's first Active Campus with outstanding recreation facilities and fitness opportunities.

Loughborough University London

Based on Queen Elizabeth Olympic Park in East London, Loughborough University London offers innovative master's and PhD programmes in Design Innovation, Digital Technologies, Media and Creative Industries, Sport Business, International Management, Innovation and Entrepreneurship, and Diplomacy and International Governance.

Find out more

We run a number of online and in-person events throughout the year, so that you can see for yourself what Loughborough has to offer. Visit our website for more details and to register your place.

Welcome to Newcastle!

Newcastle is one of the UK's leading universities with an international reputation for excellence. We are a member of the Russell Group – the UK's elite research universities. Our main campus is located in the heart of Newcastle upon Tyne, one of the UK's most vibrant and exciting cities, famous for its friendly locals and fun-loving character. With a low cost of living and consistently strong graduate employability record, we are the university of choice for over 6,000 international students from more than 150 different countries.

Known for our warm Geordie welcome, Newcastle is one of those rare places where you instantly feel at home. A big city in a small space, offering all the excitement of a modern metropolis combined with small-town friendliness. Consistently voted one of the best student cities in the UK, Newcastle attracts over 50,000 students each year. In fact, one in six people in Newcastle is a student, helping create the city's energetic social scene and legendary nightlife. We also have world-class arts, music, shopping and sport right in the city centre and we're just 25 minutes from beautiful beaches via the underground Metro system.

Estimated Cost of Living

With lower than average student rents, you'll have more money left in your pocket to spend on the things you love. Food and drink prices are refreshingly low, so it won't break the bank to enjoy an evening out, and there are plenty of shops specialising in affordable fare to help you look after your pennies.

The estimated cost of living per annum is:

Undergraduate students: £9,000 - 10,500 (based on 9 months study and includes accommodation, food, local travel, and typical student expenditure).

Postgraduate students: £11,000 – 15,500 (based on 12 months study and covers accommodation, food, local travel and typical student expenditure).

Accommodation

We guarantee a place in university accommodation for your first year at Newcastle. Our accommodation is close to campus and the city and has fantastic facilities to help you feel at home, make friends, socialise and study.

Supporting you

Whatever your support needs, help is on hand. We're proud to offer a range of support services- before you apply and once you arrive- to give you the confidence and support you need to reach your full potential.

Throughout your studies you'll have a Personal Tutor (an academic member of

staff from your course of study) who will be there to help and guide you for the duration of your degree; we also have Student Peer Mentors who help you to set your expectations about your studies and help you settle into your course in the first semester. In addition we have our friendly staff based in the dedicated Student Services building, Kings Gate.

Campus Life

Student life is not all about study! Our Student Union is the centre of student social life; with over 200 societies and more than 65 sports clubs to join there are endless opportunities to make friends and experience new things.

We are one of the best universities in the UK for student sport and the city is famed for its football team. Take advantage of our fantastic facilities and wide range of sports clubs to try something new or continue with a sport you love. If you're already playing sport at a high level, find out about our sports scholarships and support package that nurture sporting talent.

OXFORD BROOKES UNIVERSITY

Study in a world-renowned student city - Oxford Brookes is often favored by both British and American students because of its good reputation, outstanding teaching, student support and good job opportunities after graduation. Oxford Brookes is the only UK university in the QS ranking of top 50 institutions under 50 years old (QS World University Rankings Top 50 Under 50 2019). At Oxford Brookes, 17% of students are international, and we are proud to welcome all of them. Oxford Brookes offers both undergraduate and master's degrees for international students.

A great place to learn

At Oxford Brookes, students get the opportunity to develop key management, group work, problem solving, and communication skills. This is achieved through a strong collaboration with the business community, and the employees have practical experience in their fields so that the students will gain real insight into the fields of study they study.

Brookes offers specialized student counselors and helps with placements in companies such as Apple, BMW Mini, F1 Ferrari, Warner Bros and much more.

- Oxford Brookes also offers study opportunities that meet a variety of individual requirements:

- You can study either single honors degree (a single subject area) or combined honors degree (combination of different subject areas)
- International exchange
- Opportunities to start right in the second or third year.

A great place to be a student

We have invested in our campuses providing many high quality new spaces, including the multi award- winning John Henry Brookes Building, which offers unrivalled learning and teaching spaces. At its heart a huge new library looks out over an atrium-style social and working space known as the forum, above which floats our state-of-the-art lecture theatre.

We have three campuses in Oxford. Each campus has its own library, student accommodation, and sports facilities, where up to 40 sports clubs are on offer. As an international student, you are guaranteed a place in one of our nine halls of residence provided you meet the application deadlines and conditions.

A great place to live

Oxford Brookes is located in the beautiful and historic city of Oxford, world-renowned as a center of education. It is a safe, multicultural city with the intimacy of small towns, as well as the culture and recreational and shopping opportunities that match larger cities. Oxford is just 90 minutes from London and its main airports, with a 24-hour bus service. Many of England's famous landmarks and historic attractions are within easy reach, such as Shakespeare's birthplace, the Queen's residence, and London's famous tourist attractions and entertainment activities.

Cost of living

Cost of living varies according to your lifestyle, but can be anything from **£9,310 - £10,640 per year.**

Tuition fees

The tuition fees for international students are determined annually and vary from study to study.

- **Bachelor, from £13,900 (2020/21)**
- **Master, from £14,200 (2020/21)**
- **MBA £15,740 (2019/20)**

Scholarships and Discounts

Oxford Brookes can provide financial support to students from outside the EU. Ask your advisor in Across the Pond for more information.

Why Choose Brookes?

As an American student you get good help and support throughout the study program:

During the welcome weekend in September, we offer pick-up at the airport and help you find your way to us. We will try to put you in touch with a British student who will help you get to know the university and the city better in the early days.

The International Student Advice Team advises and answers questions related to moving to another country, personal finance, and job opportunities in the UK.

Among the many services offered on campus are career services, medical centers and dentists.

Our "Students' Union" is a democratic, student-led organization that represents the desires and needs of all Brookes students. It is currently approx. Over 100 student associations within sports and sports, culture, religion and social interests. Student associations are a great way to get a social network and friends in Oxford.

Enjoy all this in one of the world's most beautiful, friendliest and most historic cities - **Oxford.**

“The facilities are new, the campus is beautiful, the location is ideal and I think that anyone that wants to have a UK experience without stepping away from being international, it's a great school to come to.”

ASTON POLLINGTON, BSC (HONS) LAW, USA

WELCOME TO ROYAL HOLLOWAY

Royal Holloway, University of London, is a community of inspiring individuals. As a research-intensive university, operating across science, the arts, management and social science, our purpose is to advance knowledge and, by sharing it, to inspire others to do the same.

Through this world-class research that expands minds and changes lives, the dedication of our teachers and the feel of the Royal Holloway experience, we help you to succeed academically, socially and personally.

We want you to reach your goals and we are here to support and inspire you. This certainty about why we are here gives us the confidence to support every individual in our community as you explore your own purpose in life, your why.

We hope you will join us, to follow your passions, to improve our world, and we will continue to inspire you on your journey to fulfil your purpose and succeed in your goals.

Location

Our campus is one of the most beautiful in the world with numerous teaching and study spaces, bars and cafés, high-quality accommodation, and sports facilities. All this is set in 135 acres of stunning parkland.

Most teaching and social activity takes place on campus and this is where most undergraduates live in their first year, with the exception of Kingswood Hall (just a mile away). It's a friendly place, with a strong sense of community as new students soon become familiar faces.

Founder's Building is one of the world's most spectacular university buildings,

and home to our famous Picture Gallery containing Thomas Holloway's fine collection of Victorian paintings, and our beautiful chapel. It also houses a dining hall and reading room and provides a home for 500 students.

The campus is just 40 minutes by train from London and seven miles from Heathrow, with many attractions, sporting and entertainment venues within easy reach.

Accommodation

Royal Holloway's beautiful campus and the surrounding area are a great place to live and we have a wide range of halls of residence to suit your needs, from rooms in our beautiful chateau-

inspired Founder's Building to modern shared townhouses. We offer both en suite and shared bathrooms and Halls are either catered, where you'll eat meals in a dining hall, or self-catered, where you'll have access to a fully-equipped kitchen. Most of our rooms are single but we also have some twin rooms, where you'll share with another student. All of our rooms have internet access.

We guarantee accommodation for all undergraduate first years who firmly accept an offer and apply for a place by our accommodation deadline

Private accommodation is also available in the nearby areas of Egham and Englefield Green, which is also where many of our students live in their second and third years.

The University Of Sheffield.

A WORLD TOP 100 UNIVERSITY

The University of Sheffield is a world leading University based in the city of Sheffield. As a member of the UK's Russell Group, we have a reputation for world-class teaching and research excellence across a wide range of subjects. We're also able to offer an excellent student experience in one of Europe's greenest cities.

The University and Student Life

The University of Sheffield is one of the UK's best universities and we are truly global - currently home to almost 30,000 students from over 150 countries. All of our teaching is research led which means that you are being taught by the academics carrying out our pioneering research. Given that 85% of our research is classed as internationally excellent or world-leading (REF 2014), you know that you're in good hands.

One of the best things about Sheffield is that we can offer you the combination of academic excellence as well as a fantastic student experience. In UK universities the Students' Union is the centre of student life and our Students' Union has been voted the best in the UK for 10 years in a row. For many of our international students, this

is what makes their experience so memorable. Located in the heart of the campus, the Students' Union has shops, cafes and bars which are open seven days a week, from breakfast into the night. There are club nights every night of the week attracting big name DJs and bands from around the world. There is a bank, support services and even a cinema. There are also over 300 clubs and societies based in the Students' Union.

The City

Sheffield is England's fourth largest city and is one of the UK's most popular places for students to go to university. It is located in the north of England and London is just over two hours away by train. It's a rich, diverse, multicultural city and two of the words that people most often use when describing the city

are 'friendly' and 'green'. When you take into account that we have some of the lowest living costs in the UK and approximately 10% percent of the whole city's population is made up of students – you can start to understand why we're such a good place to be.

We love the fact that in Sheffield you can enjoy sophisticated fast-paced city life and be in the middle of beautiful Peak District countryside in 20 minutes. Whether you want to sip a latte at one of our many independent coffee shops, attend our summer music festival 'Tramlines', or visit the llama farm, we're sure that you will quickly find something that you love about Sheffield too.

DISCOVER YOUR WORLD

The University of Southampton is a truly international university with a global reputation for leading-edge research and innovation. Part of the exclusive Russell Group, often likened to the UK equivalent of the Ivy League, the University of Southampton has been consistently rated in top 15 research universities in the UK and is proud to be ranked within the top 100 universities worldwide the most recent world rankings (QS World Rankings 2020).

With 6,500 international students from 130 countries, the university offers a friendly, welcoming and multicultural environment in which to live and learn. Despite our large student population, our University provides an intimate, campus-based and community-driven experience which our students thrive in.

University of Southampton offers strengths across a wide range of academic disciplines including Humanities, Social Sciences, Engineering, Sciences and Medicine. Outstanding areas of note include the Optoelectronics Research Centre, the Web Science Institute, the Institute for Sound and Vibration Research, the Parkes Institute for Jewish/Non-Jewish Relations, the Portus Project (Maritime Archaeology) and the National Oceanography Centre Southampton. We

pride ourselves on our collaborations with business and industry and encourage our students to be entrepreneurial and take advantage of these links. Southampton is one of 5 UK universities to be part of SETSquared, the biggest business incubator in the world created to support students with high-tech startups. We have also been ranked within the top three Universities in the world for the quality of our 'spin-out companies', with three floated on the stock market.

South Coast City Life
Located on the south coast of England and just over one hour from London, the city of Southampton has one of the warmest climates in the UK. Famous for the sailing of the Titanic in 1912, Southampton is surrounded by places of historical interest, such as Winchester

(ancient capital of England), Stonehenge and Salisbury, which provided inspiration for the novels of Jane Austen. Southampton has excellent transport links to the UK and European cities via train, car, coach, ferry and plane.

Our friendly and safe maritime English city has about 240,000 residents (with around 50,000 students) and offers some of the finest theater, music and film venues as well as a thriving independent café and bar scene. Southampton is a fantastic option for students who want a smaller, community-oriented city but who always want to be within close reach of London. Southampton also provides numerous opportunities to get become a member of sports clubs or simply practice sailing, windsurfing and diving.

UNIVERSITY OF WINCHESTER

THE WINCHESTER EXPERIENCE

The University of Winchester welcomes students to a community where diversity, individualism, intellectual freedom, social justice and creativity are our most important values. Winchester has been identified as one of England's most beautiful and safest cities, and the university is ranked top 4 in England for general student satisfaction.

The university is situated in the South of England, in the old "cathedral city" of Winchester, which is only an hour away from London.

The university is the home to approximately 10,000 students, of whom 900 are international students from over 60 countries, including Norway, USA, China, Japan and more.

The teaching style in Winchester is based on a mix of lectures and small group seminars, which contributes to strong teaching support and close contact with the lecturers. A Winchester student is a unique individual who is seen, heard and appreciated.

An abundance of degrees

The University offers a broad variety of studies at bachelor- and master level, including research, which offers innovative and future-oriented teaching. The strongest academic areas at Winchester include liberal arts, social sciences, media, performing arts, business and teaching.

A friendly environment

In Winchester, the students have created an environment that gives a real feeling of a community. The university staff are friendly, accommodating and

always there to help. We are proud to offer our students individual support, from the beginning to the end of their time at the university, including accommodation, well-being and language support. The university also has 30 sport teams and 45 societies, from football and hockey to music and gaming. Another fantastic opportunity to build new friendships.

Excellent facilities and location

The university is situated on a green hill, with a view over the beautiful city of Winchester. The campus is a perfect mix of classical buildings and new facilities, including a state of the art multimedia centre. The campus has several meeting places where one can work, get some food and drinks, and meet fellow students.

The university offers a range of different accommodation of high quality, and international (non-EU) full-time students are guaranteed accommodation for their first year of study.

The historic city of Winchester, which is just a 10 minute walk from campus, is one of England's most beautiful, and safe, cities, and offers everything from historic architecture to award winning restaurants and pubs. There's always something for everyone.

I am originally from Thailand, but was studying in America before I came to the UK. A friend recommended Winchester to me. I heard that it had a really good education course. The community is more diverse than I expected, which is great.

During the application process the whole team were really helpful. I emailed them a lot about my visa and they were great at reassuring me. I have regular one-to-one meetings with my tutors, so I can raise any issues with them. There are also study skills workshops you can go to, which offer help with things like essay writing.

Through my course I can do a volunteering module. I've also been able to take part in the wider University community by playing volleyball, swimming and socialising with the student International Society.

THE UNIVERSITY OF WORCESTER

Worcester is a university that invests in first-class facilities, with a good teaching reputation, set in a historic cathedral city. It is easy to see why Worcester has grown in popularity.

The Sunday Times University Guide

Over the past decade, the number of students choosing to study at the University of Worcester has more than tripled to a community of over 10,000 students and 1,000 staff members, drawn from over 60 countries and a wide variety of disciplines, including nursing and health, teacher training and education, biological science, business, arts, humanities, psychology, law, sports science, management and more.

Our graduates are among the most employable in the UK. Our many innovative facilities include The University of Worcester Arena, the UK's first indoor sports arena purpose designed to include the wheelchair athlete and The Hive, Europe's first University and Public Library.

Introduction

The University of York is ranked 12th in the Guardian University Guide 2019 and in the World Top 40 universities for Arts and Humanities. At York you will be taught by an outstanding teaching staff from more than 30 academic departments and research facilities. As a member of the prestigious Russell Group, York's teaching is research led, allowing students to explore the cutting edge of their chosen field.

As an international student you are guaranteed accommodation on or close to campus throughout your entire degree. All students become a member of one of the nine colleges when they apply for accommodation. A college is not only a place to live, but a social network that you will be a part of during your whole degree as well as later in life.

Each of the colleges has its own values, atmosphere and support networks and also offers a variety of accommodation. College-organised social events are a great way to meet people, and a healthy inter-college rivalry means you can represent your college in a number of student-led activities.

The campus is near to the historic city of York which was recently named the best place to live in the UK by the Sunday Times newspaper. York is home to a variety of world leaving attractions, museums and galleries and it also has a number of bars, clubs and live music venues.

With students from over 178 countries, the international community

plays a big part in campus life. The International Student Association (ISA) is an active student organisation that represents the international interests in the University. In addition to providing international students with personal, social and administrative support, the ISA also provides an opportunity for all students to meet people from other cultures. The ISA runs regular social events as well as trips around the UK, ensuring you have the best student experience.

"I love being able to pop into town for an afternoon after classes are over. The University is so close to the city centre and it's great fun to explore all of the different shops that York has to offer. This definitely helped me feel at home very quickly. I also love how international the campus is. I have met people from all over the world and enjoyed sharing experiences and learning about new cultures."

You will quickly make friends with people who share your interests. Some societies, such as the GSA, also coordinate trips to various places around the UK, which provide an easy way to explore the rest of the country with your friends."

Be Exceptional At York

Student life

Your life at York is about much more than just your degree programme. The vast number of opportunities available on campus will help you make friends, develop skills and gain experiences.

Meet new people, get involved and have fun – with approximately 200 clubs and societies and over 16 volunteering projects, we have one of the highest society: student ratios in the country, covering almost every possible interest and if it doesn't exist, you can create it!

At York there is plenty of support to prepare you for your career. Our friendly Careers Service offers advice on looking for work and completing job applications, in addition to organising careers fairs, networking opportunities and presentations. You will also have opportunities to be mentored by successful alumni and connect with sector-specific professionals.

Our scenic campus surrounds two lakes and boasts lots of natural beauty. Different parts of campus are connected by footbridges, footpaths and cycle paths and a free bus runs between the two ends of the campus.

On campus there are numerous amenities including shops, bars, cafés, restaurants and cash machines. The Sports Centre and Sports Village offer an impressive array of fitness and sports facilities.

Your Music Career Starts Here

As Europe's largest and most prestigious music institute, we understand what it takes to build a meaningful career in the music industry. After all, we've been training the next generation of music professionals across a variety of music-related subjects for over 35 years.

Our colleges are located at the heart of some of the most diverse and creative cities across Europe. We place you at the centre of the music scenes in Birmingham, Brighton, Bristol, London, Manchester, Berlin, Hamburg and Dublin – and provide you with access to countless opportunities.

Our unique courses at BIMM Institute have been designed and developed in conjunction with the industry. This ensures that what you learn while studying with us is 100% relevant for when you make the move into the workplace.

Our expert lecturers are all creative professionals still active in the industry today. This means they bring their current, real-world experiences straight into the classroom.

Alongside our expert teaching staff, you will study in state-of-the-art-facilities and work closely with our Careers Team. They are dedicated to providing you with unparalleled access to work experience and placement opportunities that you won't find anywhere else.

When you join BIMM Institute, you will gain instant access to Europe's most influential network of industry professionals. Being part of this means you will never be short of chances to collaborate with other students and industry professionals. You will share ideas and work together to establish a vision for a future music industry that you want to join and make your own.

After you graduate, you'll be equipped to work at world-renowned music businesses or go it alone and craft something new as an entrepreneur. Whichever route you choose, we will give you the skills you need to open doors and succeed.

Turning your passion into your career is up to you. And what you put in while you're here is what you'll get out. We will always support you on the journey to reaching your personal and professional goals.

Your career in the music industry begins when you arrive at your college.

Are you ready?

Brunel**

Life on our London campus

Brunel is a single site university. One campus with thousands of benefits. The majority of student needs are catered for on-site, including the Library and Computer Centre, academic and teaching buildings, welfare services, catering and social facilities and world-class sports facilities. We have over 4,500 rooms available as part of our on-campus accommodation and offer guaranteed accommodation to all our international students.

Located in West London, Brunel University London is just a 20-minute walk – or a short bus ride – from Uxbridge underground station, so it is a straightforward journey into the centre of the capital.

The whole world on one campus

The world's students call Brunel home. Something we're extremely proud of. In fact, 150 of the world's countries are represented at Brunel which gives our students the opportunity to live and study as part of a diverse, international community. Ranked 35th in the world for International outlook (Times Higher Education 2019) our international environment instills a global outlook in our students whether that's through life on campus, or by taking up the many opportunities we offer for work or study abroad.

Support that gets you ready for work

Brunel has a long tradition of producing graduates who are ready for work. Over 95% of our courses offer a placement, giving students the opportunity to gain invaluable, real work experience. Better still, 100% of our students have access to first-class coaching, mentoring and networking. 93% of Brunel graduates are either in employment or further education six months from leaving, making our students among the UK's most employable. (*Destination of Leavers from Higher Education 2016/17*).

With so much support available, it's easy to see how our graduates leave Brunel University London well prepared for the future.

Studying in the heart of London inspired by world-leading academics with unrivalled industry connections.

This is City.

About City, University of London

City, University of London is a global university committed to academic excellence with a focus on business and the professions. Established in 1894, City was granted University status by Royal Charter in 1966 and became a member of the prestigious University of London in 2016.

Located in London, the world's best city for university students (QS World University Rankings 2019), City has an enviable central location, being close to the City of London (the financial district) and Tech City (cluster of high-tech companies) but also only a short bus ride from the theatres and shops of the West End.

Its main campus in Northampton Square sits between three of London's most popular areas. Islington offers tantalising dining and shopping options, Shoreditch buzzes with entrepreneurial creativity and lively nightlife, while Clerkenwell is a hub for trend-setting design and cosy bars.

Studying at City means joining a diverse student community from 160 countries and benefiting from outstanding academic staff, comprehensive student support and tailored careers guidance. The University is ranked in the top three for student satisfaction and in the top ten for graduate prospects in London by the Complete University Guide 2020.

Number of students

Nearly 20,000, with 45% of all students coming from outside the UK

Accommodation

Halls of residence are available for students at all levels of study, starting at £150 per week. Guaranteed student housing for first-year undergraduate students, when applying by June.

Location

London, United Kingdom

Closest airports

London City Airport, London Gatwick, London Heathrow, London Luton, London Stansted

Student profile

Monica Foss, MSc Food Policy student from Minnesota, USA

“City offers a wealth of resources to help me develop my career readiness. The Careers Service initially helped me with translating my résumé into a CV that would be taken seriously by UK-based employers and directed me to a number of resources for finding a part-time job during my studies. They have helped me explore the food and policy sectors to find the best places to look for a full-time job after graduation and they’ve kept me connected with events centred on graduate schemes and internships.”

Course portfolio

City offers a wide range of undergraduate and postgraduate degrees, each developed by course directors with an in-depth understanding of the job market and with the input of employers and leading figures in industry. Many degrees are designed to meet sector standards, with a significant number accredited by professional bodies.

Students also have the opportunity to gain valuable work experience by undertaking placements and internships. Through these, they can apply the knowledge and skills learned in the classroom to real-life situations, grow their professional network and get a head start in their fields, ultimately enjoying excellent prospects upon graduation.

Subject areas

Actuarial Science
Accounting
Business and Management
Computer and Data Science
Economics
Engineering
English
Finance
History
Journalism and Media
Law
Music
Nursing and Midwifery
Optometry
Politics and International Politics
Psychology

“Living in London has been a great experience. As a drama student, it’s been great to be able to easily travel into central London to see shows. I’ve loved studying at Kingston. The staff are so kind and helpful and the students are friendly and made coming to a new country less daunting.”

Cathy Dwyer, from Maryland USA
Drama and Creative Writing BA

Situated on the River Thames in south-west London, Kingston University offers internationally recognised qualifications and a supportive community in one of the world’s most exciting capital cities.

London living

London is a great place to be a student and an experience not to be missed. The centre of London is only 25 minutes away from Kingston, offering you easy access to world-renowned landmarks, theatres, museums, shops and nightlife.

Ideal location

The University is located in Kingston upon Thames, a historic and lively riverside town and a short journey from the centre of London. It’s rated one of the safest London boroughs (Metropolitan Police) and one of the happiest places to live in the capital. (Rightmove). Gatwick and Heathrow airports are under an hour away, so you’ll never have far to travel to catch a flight home.

Diverse and multicultural

Every year we welcome students from more than 140 countries to Kingston University. You’ll meet people from all over the world, from East Asia to Africa to South America!

Excellent facilities

We’re investing up to £80 million on new campus and teaching facilities. We have the latest e-learning technology, excellent library resources and our design studios, workshops and laboratories are fitted with the best technical equipment.

Top quality teaching

At Kingston University, excellent teaching quality is essential and very important to us. To ensure you learn from the very best academics we endeavour to employ staff who are: research-active; respected in their fields; active practitioners in their subject who maintain business and industry links.

Kingston is just 25 minutes from the centre of London

Career-focussed courses

Our courses place an emphasis on developing work-based skills, so we can give you the important career skills you need to succeed. Our three year undergraduate business degrees provide a professionally recognised qualification as well the opportunity

for a 6-9 month work placement. We also offer a fantastic postgraduate work placement scheme to allow students to work for 12 months as part of their course. Our vocational focus helps us achieve some of the UK’s best graduate employment figures.

Supportive community

From before you leave your home country until after you graduate, Kingston University offers a wide range of support services, ranging from a free airport pickup service when you first arrive, to social events that help you make friends, to jobs fairs on campus, to health and counselling services.

Scholarships

Our special international scholarships are worth £4,000 per year of study and offer you not only a financial saving but also an admirable achievement that will look great on your CV.

Middlesex University: Your London Campus

Middlesex is a modern, campus university based in north London with a heritage that can be traced back to the late 19th century. Today Middlesex is best known for its forward-looking approach to higher education, innovative teaching and international experience.

There are over 28,000 students on Middlesex University programmes at campuses in London, Dubai, Mauritius and Malta, and another 8,500 studying on Middlesex programmes with prestigious academic partners around the world. We pride ourselves on our international reach, the way in which we strive to 'internationalise' our teaching and learning and the diversity of our student population which represents over 130 countries around the globe.

Our schools

Our schools include Schools of Art and Design, Health and Education, Business, Law, Media and Performing Arts, and Science and Technology. We offer three year Bachelor programmes, one year masters degrees and PhD studies.

We also offer exchange options at highly prestigious universities in almost every country in Europe, and even further afield. Many of our programmes carry professional accreditation, which makes the step into employment after graduation even easier.

Our facilities

Take a tour of our London campus and you'll see why we've been nominated for the Best Facilities Award in the Guardian University Awards. We've invested over £200 million to provide outstanding environments for teaching, including state-of-the-art laboratories and a 24/7 library with over 1,000 study spaces. If you are unable to visit our campus in person you can do so virtually by logging on to our Virtual Tour at www.mdx.ac.uk/virtualtour.

The Grove, our art and design building, includes a Sony TV studio, art and design studios, 3D and print workshops, photographic studios and dark rooms, digital media workshops and exhibition and performance spaces. Not that learning facilities are everything; we've also added impressive spaces where you can eat, drink and relax with friends.

Your student life

Our active Student Union arranges year-round events to provide a socially dynamic environment: from meeting and greeting newly-arrived students with our special orientation, to social events like the Freshers' Ball, as well as sports events, interuniversity competitions, a range of social societies and the excellent Student Forum – a dedicated student facility with lounge, bar, different restaurants and live music events.

And of course we are located in London which offers 300 museums and art galleries, 63 theatres, 400 live music venues, 30,000 shops, 6000 restaurants and 13 professional football teams! So there's always something nearby to do and enjoy.

Your Employability

In today's competitive job market, employers are looking for more than an academic qualification – they want to see multi-skilled graduates with experiences that enhance their professional work. Our Employability Centre will provide you with mentoring and access to a wide range of work experience opportunities.

We encourage students to take up placements, internships, part-time work and volunteer projects. For example our Arts and Media links allow students to get involved in events like London Fashion Week, working with designers such as Vivienne Westwood and Alexander McQueen, or work on projects with broadcasters including the BBC.

You'll also be invited to regular on campus events where employers will connect you to the realities of life after university and get support in writing your CV and learning interview skills for securing employment. Our dedication to preparing students for employment was further underlined by independent research by the Parthenon Group which ranked Middlesex University number eight in the UK for graduate salaries.

Being an international student at Middlesex University is great. You do receive a lot of support; it has brought me some work experience which has been amazing! As a woman in business I wanted to add the complete edge to my résumé."

Elccy Marte,
MBA student from New York

Inspiring teaching

Our academic staff lead the way in their fields – they influence policy, shape opinions and publish in leading academic journals. Unlike many other universities, all of our students are taught by research-active academic staff from their first year of study. Our size means that you'll get to know your lecturers and fellow students, giving you a more personal learning experience.

The best of both worlds

Although our beautiful campus provides a close-knit community feel, we have modern, cutting edge facilities and a vibrant social scene. Studying with us will give you the best of both worlds: the community feel of a traditional university campus, with the culture and nightlife of one of the greatest cities in the world.

A supportive environment

When you join Roehampton you become part of one of our 10 highly-regarded academic departments. You will also join one of our four colleges, with all the support and social life that they provide. There is a librarian assigned to each department area to help you find all the relevant text books and sources you need. We have a range of services for any non-academic issues you may have, such as managing finances or arranging disability or dyslexia support.

Discover your talents and interests

At Roehampton, we offer many extra-curricular activities to help you develop your skills. In terms of sports, we offer everything from badminton to yoga and athletics to roller sports. Roehampton Students' Union also gives you the chance to broaden your experiences with over 60 societies including Film Society, Fashion Society, Debating Society and more.

Diverse range of courses

At Roehampton, we are committed to providing excellent teaching. We support all of our students to reach their full potential, through our diverse and dynamic range of courses, delivered by academic staff engaged in world-class research.

A world of opportunity

We offer our students a world of opportunity. Depending on your degree programme at Roehampton, you could study in Australia for a semester, study in Spain during the summer break or undertake a work placement in China. We are partnered with some of the world's highly renowned universities, and you could travel, explore and study alongside students from worldwide partner institutions.

Career support

At Roehampton, career skills are central to every one of our degrees and the course content is designed to help students secure graduate level jobs. You will have access to our online career portal, which includes courses to build your skills, a jobs database, a CV writing tool and free careers assessments. We have established links with hundreds of employers across a range of sectors, giving you the chance to undertake work placements, internships, volunteering or take part in masterclasses on campus

Tuition fees: £12,875 per year for Bachelor courses, £14,670 for Masters courses and £15,000 for MBA (2019/2020)

We offer a wide range of scholarships for international students.

Accommodation costs: from £120 per week (inclusive of bills and internet)

Closest airport: London Heathrow

“Teaching standards at Dundee are at an exceptional level, but professors are always friendly and willing to meet with you after lectures or during office hours if you need a little extra help.”

Study in Scotland's coolest city (Wall Street Journal 2018)

The University of Dundee combines academic excellence with prime location as one of the UK's top 30 universities (Guardian University Guide 2019), in the best place to live in Scotland (The Telegraph 2019). There has never been a better time to come to our student city.

While studying and working hard are really important, we recognise that you'll also want to have a great time. That's why we're proud to have been named in the top 10 in the UK for student experience for the third successive year (National Student Survey 2018).

We welcome students from across the world to our community, over 140 countries are represented on campus and 25% of our students are from outside of the UK. Everything you need is in walking distance from our campus, and beyond that, the rest of Scotland is on your doorstep, ready to be discovered.

EDINBURGH NAPIER UNIVERSITY, SCOTLAND

At Edinburgh Napier, alongside leading academic theory you'll find professional know-how and extensive industry connections. Our academics are here to teach you and inspire you, as well as connect you to industry and help you build international networks you will value for the rest of your life. With students from over 140 different countries, you'll start building those networks from day one.

Best of all, you'll study in one of the globe's most dazzling cities in one of the world's most beautiful countries.

EDINBURGH

- Capital of **Scotland**
- Home to **60,000** students
- **Best City** to live in the world (Arcadis, 2018)
- Fourth most **beautiful** city in the world (Rough Guides 2019)
- Second best city in the UK for students (QS higher education data 2018)
- A **UNESCO** World Heritage Site, home to Edinburgh Castle and Harry Potter!

FACILITIES

Across our six schools and three campuses, we've invested £100m in some of the best teaching and learning facilities in Scotland, including cutting-edge recording studios, multimedia language labs, an environmental chamber for sports science students and a 500-seat, 24-hour computing center. [EN]GAGE is our state-of-the-art fitness center.

ACCOMMODATION

All our student accommodation is self-catered and situated in the city centre which means that you are close to the vibrant student scene but only a short walk, cycle or bus ride to campus. The University's accommodation is guaranteed for all first year bachelor students.

SUPPORT

Our international support team will advise and support you before and after you arrive in the UK. Once enrolled, we offer study support to help with academic English and to help familiarise you with the UK education system. You can also access a range of personal support services including counselling and mental wellbeing, faith and spirituality, and disability and inclusion.

SOCIAL LIFE

You'll become a member of Edinburgh Napier's Student Association (ENSA) and be able to join any of our 36 societies or 25 sports teams. Try a new sport like golf, rugby or sailing and meet new friends in one of our many societies dedicated to subjects such as anime, whisky and photography.

Corrine McAndrews
BA (Hons) Film

"I chose to transfer from my American university to study at Edinburgh Napier for the practical/ work-related skills they offered, the one-to-one sessions I was able to have with my lecturers, and for the warm environment the University provided."

BE STIRLING

At the University of Stirling, being the difference is in our DNA. We are an international university with a global reputation for high-quality teaching and research. Our 330-acre campus is located in central Scotland, and we can't think of a better place to be.

Breathtaking campus

Our Scottish campus boasts a loch, the 18th-century Airthrey Castle and a nine hole golf course. It's no wonder it's been named one of Britain's most beautiful campuses (Business Insider UK 2016). All the facilities (teaching, accommodation, sports and social centres) are no more than a 10-minute walk apart.

Flexible learning

Here at Stirling, we believe in choice. That's why we offer more than 220 undergraduate course combinations – enabling you to specialise in multiple subject areas that interest you. We also offer International Summer School and Study Abroad opportunities – ask your Across the Pond advisor for details.

We offer over 100 one-year postgraduate courses – ranging from Aquaculture, to Sport Management and Creative Writing. For the full range of undergraduate and postgraduate courses we offer, please ask your advisor.

5-star facilities

Our facilities were given the top score in the 2018 QS Stars World University Rankings – and it's easy to see why. The University's modern library has a range of study spaces to suit your needs – and you can watch the latest movies and plays at our on-campus cinema and theatre. We offer a range of secure and affordable accommodation, both on and off campus.

Sporting excellence

We're Scotland's University for Sporting Excellence, a designation by the Scottish Government in recognition of our contribution to Scottish sport. Our world-class sports facilities are ranked 1st in Scotland and 2nd in the UK (International Student Barometer 2016). As the home of Scotland's National Swimming Academy, the Scottish National Tennis Centre and Triathlon Scotland, our campus is a formidable training ground for some of the UK's top Olympic athletes.

BE THE DIFFERENCE

The University of Strathclyde is a leading and internationally recognised institution with more than 23,000 students from over 100 countries. Situated in the heart of Glasgow city centre, Scotland's largest city, the university offers over 400 undergraduate and Masters programmes, as well as PhD opportunities, from our four Faculties: Engineering, Science, Business and Humanities & Social Sciences.

Established more than 200 years ago, as the "place of useful learning", we are renowned for our excellent teaching, world-class research and our strong links with industry, government and business.

Our undergraduate degree programmes, particularly within our Business School and Faculty of Humanities and Social Sciences, allow for flexibility and breadth of study, whereby you can choose from a wide range of cross-curricular and inter-disciplinary subjects in years 1 & 2 before deciding what to major in during your final two years of study.

Postgraduate Masters degrees are one year in duration and allow for a more specialised form of study, providing an excellent platform for employment or further research.

Many of our degree programmes are fully accredited by the regulatory and professional bodies, meaning our degrees are recognised and highly regarded by industry in the UK and overseas.

We are Glasgow

Strathclyde's campus is in the centre of Glasgow, one of the UK's largest and most dynamic cities. There's never been a more exciting time to study in Glasgow, with the New York Times naming Glasgow as one of its top destinations to visit in 2018. Students can enjoy some of the most exciting arts and cultural events in the world, and Glasgow is identified with innovative architecture and design. A UNESCO City of Music, Glasgow has one of the most famous music scenes in the world, with an average of 120 gigs per week taking place in the city! Living and studying in Glasgow is a unique experience.

With two international airports, Glasgow is only one hour's flight from London. Our campus is close to a main bus and train station, with domestic and UK-wide links! A great base from which to travel, we are only a short journey from the beautiful landscape of the Trossachs and the Highlands.

STRATH.AC.UK

An amazing location, offering a safe and friendly student experience.

Aberystwyth – affectionately known as Aber – is a friendly, fun, and welcoming town set on the stunning West coast of Wales in the UK. The population of the town is almost doubled by our 8,000 students so it's very much a college town with a consistent track record as one of the safest in the UK. Everything is geared towards the student experience including discounts in stores and the fact that we have three beaches 5 minutes from lectures. Some of our student residences are right on the seafront or we have others which are only 2 minutes' walk from the lecture theatres on the main campus. Aberystwyth was ranked 5th in the UK and the best in Wales for student experience in the most recent National Student Survey, 2017; and was voted one of the top ten universities in the UK in the 2017 Whatuni Student Choice Awards.

Aberystwyth University is the oldest university in Wales, founded in 1872, and was historically one of the first universities anywhere in the UK to admit women to all our courses. It is very highly regarded academically and although the social life is laid back, the studies are not, because a degree from Aberystwyth really means something. The University was ranked as University of the Year for Teaching Quality in The Times and Sunday Times Good University Guide 2018 and 2019.

As a student at Aberystwyth University, you will experience a variety of innovative teaching methods that will teach you how to think, rather than what to think. The learning environment at the University is enriching and stimulating, you will get the opportunity to work side by side with outstanding academics as well as talented students from all backgrounds, from all over the world.

Like most students, you are probably thinking about getting an education to improve your career prospects. All our courses are designed to make sure that by the time you graduate you are desirable to employers or ready for further study. We offer opportunities such as academic networking events,

Jackie Burek

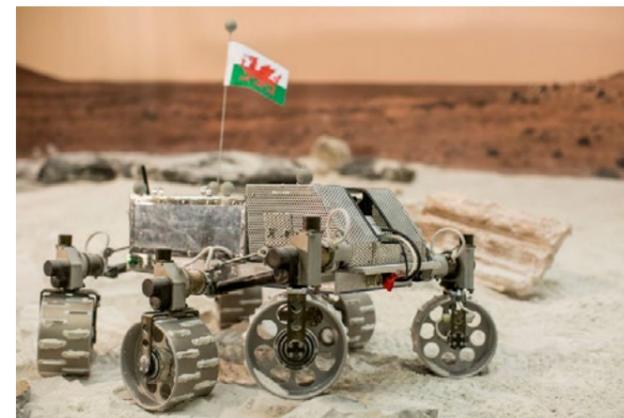

**US Fulbright Scholar
 Welsh and Celtic Studies**

"Barbecues on the beach, hiking along the coast, picnics in a castle - only in Aberystwyth are these normal ways of spending the weekend!"

where you as a student can meet academics, listen to guest lecturers and participate in real projects and also many paid work opportunities in the university departments and elsewhere on campus. We provide career advice and guidance throughout your time at Aberystwyth from our professional career counsellors. You also get a chance to meet some of Aberystwyth's alumni who are spread far throughout the world and doing all kinds of amazing things.

As a student town Aberystwyth is VERY lively and there is always something to do and many opportunities in student life to expand your resume. There are many coffee shops and pubs, two nightclubs, a busy Students Union, over 150 student societies, one of the UK's biggest Arts Centres, 3 cinemas, bookshops, galleries, 2 sports centres, 2 swimming pools, a castle, an Iron Age hillfort with a newly discovered Bronze Age burial mound which takes the history of the town back over 3500 years, 3 beaches, nearly 900 miles of coastal path, climbing wall, horse riding, mountain biking, sailing, kayaking, surfing..... and a copyright library.....

Roberto Roldan

Fulbright Scholar, International Politics

I chose to study in Wales because of the well-regarded International Politics program at Aberystwyth University. Not only are all of my professors engaged in research, the classes are small and intimate. The facilities at Aberystwyth University, particularly the library services are amazing. I have yet to run into a situation where everything I needed for a class wasn't at the library in some form. Also, not only does the National Library of Wales have a beautiful reading room, it's also an amazing resource for my research. Having a copyright library on campus is invaluable.

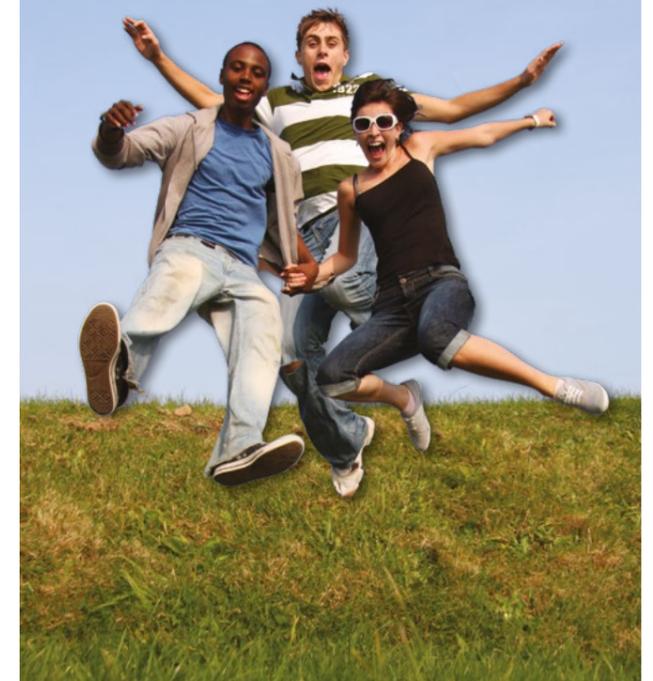

FACTS

Number of students: 8,000
International students: 1,000
Tuition fees (2019/20):
 Undergraduate: £13,600 per year for Arts, Social Studies and Law courses, and £15,200 per year for Science based courses.

- Aberystwyth was the first town in Wales to win the coveted Purple Flag for a welcoming and safe nightlife.
- In the Guardian University Guide 2019 Aberystwyth was ranked 2nd in the UK for student satisfaction and 6th in the UK for satisfaction with teaching
- Most popular subjects for North American and Canadian students at Aberystwyth are: English and Creative Writing; International Politics; History; Law; Psychology; Computer Science; Equine Science; Biological Sciences; Geography

The Adventure Starts Here

Bangor University is based in the small historic city of Bangor, on the north Wales coast, between the mountains of Snowdonia National Park and the sea.

Academic Excellence...

With a dynamic research environment, small class sizes, and an emphasis on employability, Bangor University is a place where ambitious students excel. It also received the highest award possible, the Gold award, for teaching excellence (TEF 2014).

Top programmes include Ocean Sciences; Environmental Sciences; Sports Science; Psychology; Celtic History, Language and Culture; Creative Writing and Linguistics.

A location like no other...

Bangor is a low-cost, safe, and vibrant city, and it was voted 'Best UK University setting' by The Independent. There's plenty to do nearby. If you're into your history there are three UNESCO World Heritage site castles within 30 minutes and ancient burial chambers close by on the island of Anglesey (previously home to the Duke and Duchess of Cambridge).

North Wales is also a major centre of adventure tourism with Zip lines, the world's first inland surf lagoon,

hiking, climbing and watersports activities all on the doorstep.

By public transport:

- London – 3hrs
- Dublin – hrs
- Liverpool – 1.5hrs
- Manchester – 1.5hrs

Friendly atmosphere with a lot going on...

Bangor has over 250 Clubs and Societies including film, music and drama; sport clubs such as canoeing, ultimate frisbee, horseback riding, and surfing... Plus there are

volunteer, religious, and cultural societies, so there is bound to be something to inspire your sense of adventure. Membership to any of our Students' Union's clubs and societies is FREE!

Student Support and Costs...

The low cost of living, low tuition, generous scholarships, and the ability to work are all highlights of living and studying in Bangor.

- Able to work up to 20 hours on your student visa (internships and

work experience).

- Award-winning support to help you acclimate to life abroad, explore the area, and support your studies and health. Our International Student support team is always there to help.
- Bangor is also a FAFSA school and supports the GI Bill, so you can use US Federal Loans to pay for your study.

Student Accommodation

Bangor was voted No.3 in the UK

for Accommodation (*What Uni Student Choice Awards 2019*). We have 2 modern student accommodation villages. You will have your own room and your own bathroom in most cases, free gym membership, and the university guarantees a place in halls of residence to all new international students. All of the accommodation is within easy walking distance of the University. There are numerous halls to choose from to suit all budgets.

Top 5
UK university
for research
QUALITY
(REF 2014)

Our campus has been used as the film set for BBC TV shows such as **DOCTOR WHO AND SHERLOCK**

Founded in 1883, Cardiff University combines impressive modern facilities and a dynamic approach to teaching and research. Through this blend of established tradition and cutting-edge innovation, Cardiff University offers a stimulating environment for higher education study and research.

Cardiff University is a global community. International students comprise more than 20 percent of the total student population, and Cardiff University is located in the capital city of Wales, a welcoming metropolitan environment.

Cardiff University is a member of the elite Russell Group of Britain's top 24 leading research universities. It is ranked 5th in the UK for research quality (Research Excellence Framework, 2014) and is ranked in the top 150 Universities in the world (QS World University Rankings 2018/19).

The city is not only cheaper to live in than other large UK cities, but is also full of cultural attractions and entertainment venues. In recent years, substantial investment has been made in the University estate to increase available facilities for students and staff. In 2016, The Queen and The Duke of Edinburgh opened our new £44m Cardiff University Brain Research Imaging Centre (CUBRIC) on the Innovation Campus.

Students and staff are drawn to Cardiff from throughout the world, attracted by its international reputation and commitment to excellence. The University's outstanding research community features 2 Nobel Prize winners, and 12 Fellows of the Royal Society. Cardiff's expertise in research-led teaching encompasses: the humanities; the natural, physical, health, life and social sciences; engineering and technology and lifelong learning. According to the latest QS World University Rankings, Cardiff is ranked in the top 50 for Architecture/Built Environment, Communications & Media Studies, and Dentistry; and ranked in the top 100 for English Language & Literature, Geography, Psychology, Social Policy & Administration and Pharmacy & Pharmacology.

A further £400m will be used to expand this Innovation Campus and create a new Centre for Student Life. The city of Cardiff offers an excellent study location. Cardiff hosts numerous high-profile events, including the UEFA Champions League Final, the IAAF World Half Marathon, and concerts from stars such as Beyoncé and Coldplay.

As the capital city of Wales, Cardiff is home to many of the UK's national institutions including the National Museum of Wales and the Principality Stadium. You can also find stunning national parks and beautiful beaches just 30 minutes from Cardiff.

FACTS

- Number of students:** 31,935

Discover the Cardiff Experience

University of South Wales

The University of South Wales is one of the largest Universities in the UK with over 30,000 students. We offer a wide range of courses ranging from Chiropractic to Creative Industries and Computing. Many of our courses are accredited by professional bodies and are taught by lecturers who have experience working in the industry.

Employability is at the heart of everything we do; we have a dedicated Careers team who organise events through the year which provide excellent opportunities to network with graduate employers. This support means that 95% of our graduates are in work or study within six months of graduation (DLHE 2016/17).

Our campuses are based in and around Cardiff, the capital city of Wales and we recently launched our brand new campus in Dubai. USW has been welcoming international students for many years as students quickly settle into life in Cardiff which is a beautiful, safe and multicultural student city with everything from shopping to concerts, sporting events and culture.

Cardiff is well connected to all major UK cities – we are just 2 hours away from London by direct train. The biggest advantage of living in Cardiff is the cost of living; Cardiff was voted the cheapest UK city for students (Natwest Student Living Index, 2017)

Our campuses are well equipped with everything you need to succeed at university. We have Advice Zones based in libraries across each of our campuses and excellent quality en-suite accommodation to suite all budgets.

Here's a summary about what you can expect in each of our campuses.

USW Cardiff

At USW Cardiff you will find all our Creative Industries courses from Animation and Games to Fashion and Music. You'll find modern specialist facilities, study spaces, a library and the Students Union all in one city centre building. Cardiff is the perfect place for creative industries students. The city is a major centre for media production in the UK, with the BBC's Roath Lock drama studios on the doorstep and Pinewood Studios nearby. The city centre is also set to welcome the headquarters of BBC Wales, while ITV Wales is making Cardiff Bay its new home.

USW Pontypridd

USWPontypridd is made up of two

sites; Treforest and Glyntaff Here you can study subjects including Business, Chiropractic and Psychology. Our students love the community atmosphere, as well as the convenience of living and studying in the same place. On a safe campus with 24-hour security, you'll find everything you need in one place – your classes, the library, cafes and bars to eat and drink. If you want to visit the city, Cardiff is just 20 minutes away by train – and we have a train station right next to the campus.

USW Newport

Overlooking the River Usk, our iconic university building is in the centre of the city of Newport, just ten minutes by train from Cardiff. The Halls of Residence are just a few minutes' walk away. You'll study in a modern building with the latest facilities for working and socialising. USW Newport is home to our recently launched BA (Hons) Hotel and Hospitality Management programme which provide excellent placement opportunities in the 5* Celtic Manor Resort which is located nearby.

FACTS

Number of students: 26,000

Number of international students: 4,500 from 60 different countries

Tuition fees: From £13,200 per year (2020/21)

Accommodation cost: from £94 per week (en-suite, single bedroom with all bills included)

Location: Campuses based in and around the capital city of Wales, Cardiff

Population: The population of the Cardiff-Newport metro region is over 1 million

Closest airports: Cardiff International Airport (30 minutes), Bristol Airport (1 hour), London Heathrow (2.5 hours)

Scholarships: Scholarships of £1500-£2000 are available for international students. Ask your Across the Pond advisor for details

Swansea University
Prifysgol Abertawe

Where
bright
futures
begin

Swansea University

Swansea students are so happy with their experience that they voted to name Swansea University as University of the Year 2019 in the WhatUni Choice Awards. This is an award voted on entirely by students and based on the student experience across the UK. As the award is voted for by students, it makes it even more special as they are at the heart of all we do at Swansea. This reinforces our position as a high-performing, global university that delivers top quality teaching, world-leading research, and a superb student experience.

Student life

Swansea University has a strong campus-based student community. Whether you're a sports fanatic, culture vulture or outdoor adventurer, you'll find plenty to keep you busy between lectures. Think 120 societies, 50 sports clubs and 12 months of must-see events. Whether you want to get into media, pick up a new hobby or have your voice heard on something that matters to you, there's a way for everyone to join in.

Study and live by the sea

Swansea is a comparatively small UK city, but energetic enough to know you are somewhere different. Students enjoy a low cost of living – roughly a third less than in London! From shopping to surfing we have something for everyone without breaking the bank. If you want to boost your spending power and CV, our onsite Jobshop advertises the latest opportunities for part-time and temporary work in and around Swansea.

Our campuses are located on the seafront within walking distance of Swansea, a cosmopolitan city with a maritime feel. Swansea benefits from excellent transport links: Cardiff is under an hour away, and London just three hours by train.

Campus University

We are a dual campus university. With both close to the beach and situated either side of the city centre, creating the perfect environment in which to live and study. The Bay Campus is home to the College of Engineering, School of Management, Department of Mathematics and Department of Computer Science; whilst the Singleton Park Campus offers Colleges of Arts & Humanities, Human and Health Science (strong Psychology programmes), Science, Hillary Rodham Clinton School of Law incorporating Criminology, Swansea University Medical School. Our campus lifestyle provides a friendly and cosmopolitan community that allows you to settle in quickly.

Developing your Career

Like most students, you are probably thinking about studying for a degree to improve your job prospects. We understand this and aim to give you the best return on your investment as possible. We offer a comprehensive package of support and opportunities including initiative such as:

- Business start-up support and enterprise skills development
- Subject specific employability weeks featuring networking events with industry experts, guest speakers and opportunities to get involved with live projects
- Chances to learn a new language including Arabic and Mandarin Chinese
- Summer Programs (cultural and work-based) to make your CV stand out

Support from professional bodies

Many of the University's courses are accredited by professional bodies, offer project placements with industry, and provide opportunities to apply knowledge in a practical setting. In some cases, you may also gain exemptions from professional examinations whilst you are studying – meaning that you save valuable time after you graduate.

FACTS

Number of students

20,000 of which 2,850 are international

**QUEEN'S
UNIVERSITY
BELFAST**

WELCOMES STUDENTS FROM USA AND CANADA

qub.ac.uk

**RUSSELL
GROUP**

Queen's University Belfast is a truly global university, uniquely positioned as a leading UK university on the island of Ireland. Over 2,500 international students from around the world choose to study at Queen's each year, because of its reputation as a research intensive university and center for world-class teaching.

Part of the elite Russell Group (the UK's Ivy League) Queen's is a truly global university, ranked 16th in the world for our international outlook.

Based in the heart of Belfast, the vibrant capital city of Northern Ireland, life at Queen's is a culturally immersive experience. A unique blend of European architecture, historic Irish pubs and a buzzing arts, social and sporting scene all lie within reach of some of the most stunning coastlines in the world – all part of the reason Lonely Planet named it as the number 1 region in the world to visit in 2018. Belfast is also the happiest and safest city in the UK (ONS 2016, BCS 2016), and the cost of living is over £5,000 per year less than living in London (Which? 2018), making it a fun and affordable choice to study abroad.

Queen's campus is not just a place to study, but to collaborate socially and academically. It's also a digital hub, with £700 million classroom investment in our facilities creating an innovative learning environment for students and staff. Our library services were recently voted the best in the world by international students

(ISB 2019), with our £20 million McClay Library dubbed by Nobel laureate Seamus Heaney as a "starship for our scholars".

We have over 500 programmes to choose from at bachelors, masters and PhD level across 3 Faculties and 15 Schools, with students from the USA studying everything from Conflict Transformation and Social Justice to Animal Behaviour and Welfare. Students can study a masters degree in 1 year, with no application fees or entrance exams needed.

Queen's students leave with more than just a degree, with opportunities for work placements, industry-led programs and ground breaking research projects giving our students not just the opportunity to study in their chosen field, but to live and experience it first-hand.

"I love going to university in Belfast! It's a small city, so you get the benefits of a city without getting lost in the crowd, the locals are always interested in getting to know international students, it's affordable, and it's close to beautiful natural areas such as the Mourne Mountains and the Giant's Causeway."

LLB LAW WITH POLITICS
USA

Facts

1. 25,000 students study at Queen's
2. 2,500 international students from over 82 countries
3. Tuition fees from £16,900 per year (2020/21)
4. Student accommodation from £75 per week
5. Queen's is located in Belfast, Northern Ireland, 15 minutes walk from the city centre
6. Belfast has a population of around 300,000
7. Belfast is serviced by two airports; Belfast International Airport and George Best City Airport, 5 miles away
8. Queen's offers annual scholarships as well as early birds discounts available to international students
9. Scholarships available: Fulbright, Marshall, Mitchell, GI Bill, QUB International and athletic scholarships, FAFSA eligible

MEET US!

During the year we attend a number of events where you can meet us face to face. Here is an overview of where and when you can meet our advisors. For more information and to register for events (where needed), visit [the Events section](#) of the Across the Pond website.

GRADUATE SCHOOL FAIRS

Our Advising Team attends a number of graduate school fairs across the USA in the autumn and spring. If we're at your university, please do feel most welcome to come speak with us! For more information, please see our [events webpage](#).

WEBINARS

We run online presentations throughout the year, ranging from a variety of topics such as reasons to study in the UK, visa application advice, and pre-departure guidance. These events will be listed on our events webpage as and when they are scheduled.

www.studyacrossthepond.com/events
